SUMMARY

In a report to the Mayor dated November 9, 2016, the CAO states that the five-year extension would provide the Bureau with ongoing support from 11 consulting landscape firms to complete seven existing Task Orders and allow the City to issue new Task Orders as needed for various Public Building and Open Spaces landscape architectural projects. The original contracts were executed in 2008 and expired in 2013. In October 2013, Council approved extension for three additional years. According to the CAO, 11 project task orders have been awarded to six different consulting firms for a total authorized award amount of \$1,442,354 since 2008. The CAO recommends approval of the proposed contract extensions.

At its meeting held November 28, 2016, the Public Works and Gang Reduction Committee recommended that Council approve the CAO's recommendation relative to this matter.
