SUMMARY

On June 10, 2014, Council considered Resolution (Bonin – Fuentes) relative to establishing restrictions for the parking of oversized vehicles in Mar Vista. Resolution states that Mar Vista is experiencing public health and safety issues on various streets that are the direct result of large vehicles parking on-street overnight: the reduction in the width of the roadways that leads to diminished visibility and increased congestion, as well as sanitation issues related to the dumping of raw sewage onto the roadway. Resolution movers recommend that Council establish parking restrictions for the street segments listed above. Council referred Motion to the Transportation Committee for consideration.

At its meeting held August 13, 2014, the Transportation Committee recommended that Council approve the proposed parking restrictions for oversized vehicles in Mar Vista, and related actions.

Respectfully Submitted,

TRANSPORTATION COMMITTEE
