

RESOLUTION

WHEREAS, in 1945, the California State Legislature authorized the formation of community redevelopment agencies as a tool to revitalize blighted communities; and

WHEREAS, in 1948, pursuant to this authority, the City of Los Angeles (City) created the Community Redevelopment Agency of the City of Los Angeles (Former Agency); and

WHEREAS, in the summer of 2011, the California State Legislature enacted AB X1 26, which dissolved redevelopment agencies in California and gave each city that had created a redevelopment agency the option to become the successor agency in charge of winding down the operations of the former redevelopment agency that the city had created; and

WHEREAS, on January 11, 2012, the City elected not to become the successor agency to the Former Agency, and on February 1, 2012, the Governor appointed a Designated Local Authority (CRA/LA-DLA) to wind down the Former Agency's operations; and

WHEREAS, on June 27, 2012, the State passed additional legislation (AB 1484) amending Section 34173 (i) of the California Health and Safety Code to allow the transfer of land use related plans and functions of the former redevelopment agency to the city or county that authorized the creation of the redevelopment agency; and

WHEREAS, as of the date of adoption of this Resolution, there are: (i) 19 active redevelopment plans for 19 project areas (collectively, the "Project Areas") that were prepared by the Former Agency and adopted by the City Council by ordinances approved by the Mayor, which redevelopment plans will expire on various dates after the effective date of this Resolution and are described in Sections 3 through 21 of this Resolution (collectively, the "Redevelopment Plans"); and (ii) various design guidelines, development guidelines, and other rules, regulations, and similar guidelines governing signs, open space, streets, utilities, land use, or development that were adopted by the Former Agency pursuant to the Redevelopment Plans (collectively, the "Guidelines"); and

WHEREAS, while Health and Safety Code Section 34173(i) provides for the transfer of land use related plans and functions of the Former Agency to the City, Health and Safety Code Section 34173(g) provides that liabilities of the Former Agency shall not be transferred to the City, and Health and Safety Code Sections 34177(a) and 34177(c) provide that the CRA/LA-DLA is required to make payments due for any enforceable obligations of the Former Agency or CRA/LA-DLA, as defined in Health and Safety Code Section 34171(d), (collectively "Enforceable Obligations") and to perform obligations required pursuant to any Enforceable Obligation; and

WHEREAS, transferring the land use related plans and functions of the Former Agency to the City is critical to: (i) maintain important land use protections in the Project Areas with active Redevelopment Plans, (ii) retain local control over land use policy in

the City, (iii) ensure continuity and certainty for the development community, and (iv) ensure that the City's economic development goals are achieved;

NOW, THEREFORE, BE IT RESOLVED:

1. The Recitals set forth above are true and correct and are incorporated herein by reference.

2. Pursuant to the authority conferred upon the City by Health and Safety Code Section 34173(i), the City hereby requests that all land use related plans and functions of the Former Agency, which are set forth in paragraphs A and B of this Section be transferred to the City.

A. For purposes of this Resolution, land use related plans of the Former Agency mean only those provisions of the Redevelopment Plans and Guidelines that govern land use or development("Land Use Provisions").

B. For purposes of this Resolution, land use related functions mean only functions, which, following the effective date of this Resolution, allows the City to apply the Land Use Provisions to the Project Areas; and undertake related activities as necessary.

i. Nothing herein shall be construed to prohibit the City, following the effective date of this Resolution, from doing any of the following:

a. Updating and amending the Land Use Provisions or performing any other actions pursuant to State law; and

b. Adopting and updating the General Plan, Community Plans, policies and other rules, regulations, and guidelines governing design, signs, open space, streets, utilities, land use, or development within the Project Areas; and

c. Promulgating administrative guidelines to interpret and implement the Land Use Provisions. The administrative guidelines include, but are not limited to guidelines to implement the mitigation measures of the Unexpired Redevelopment Plans. The mitigation measures will be implemented by the City consistent with the requirements of CEQA.

ii. Nothing herein shall be construed to require the City to do any of the following:

a. Perform any land use related function, including enforcement of regulations related to signs, in a manner or to an extent that would violate applicable law; and

b. Perform any land use related function including enforcement of regulations related to signs, in a manner or to an extent that would violate a final order of a court of competent jurisdiction.
