RE: Revision to BID Management District Plan

At the June Art District Los Angeles board meeting, the board of directors passed a motion to modify the existing Management District Plan by changing the start and end dates of the 5 year BID term. Specifically, the direction was to change the start date to June 1, 2014 and end date to May 31, 2019.

We would like to request that the City Council amend the Arts District Los Angeles Management District Plan to reflect change to the BID term noted above.

Please let us know if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read 'Steve Gibson'.

Steve Gibson
Interim Executive Director
