SUMMARY

At its regular meeting held on May 21, 2014, the Public Works and Gang Reduction Committee considered the recommendations of the City Engineer as contained in its February 11, 2014 report. The City Engineer reports that the area sought to be vacated are the portions of the northwesterly side of Main Street between Ninth Street and Eleventh Street (a map of the area is included as Exhibit B in the February 11, 2014 City Engineer report, attached to the Council file). The purpose of the vacation request is to consolidate excess right-of-way with the petitioner's property for a mixed use residential and commercial development with parking. This vacation procedure is being processed under procedures established by Council on March 5, 2002 as detailed in Council file No. 01-1459.

After having provided an opportunity for public comment, the Committee moved to recommend approval of the recommendations as contained in said City Engineer report. This matter is now submitted to Council for its consideration.
