SUMMARY

In a report to the Board of Police Commissioners dated February 21, 2014 (attached to the Council file), LAPD requests authority to accept the donation of two Vaper Wake canines, training, and travel for handlers. LAPD reports that these canines are standard explosive detection dogs with additional capabilities and training to detect carried or body worn explosives. These canines can detect the plume of air coming off a person and/or what he or she is carrying as the person passes through a check point or within a crowd. The canines can also detect explosives vapor wake, after a person has traveled through an area, and can follow the vapor wake to the explosive source. On March 4, 2014, the Board approved LAPD's request.

At its meeting held March 28, 2014, the Public Safety Committee recommended that Council authorize LAPD to accept this donation.

Respectfully Submitted,

PUBLIC SAFETY COMMITTEE
