Comments for Public Posting: I'm counting on you to pass the "Tenant Anti-Harassment Ordinance." Harassment is the practice of wearing down the human spirit that drives families with no other place to live out of their homes despite the often inevitable consequence of homelessness - and there are so many ways to do this. It's gotten particularly bad during the COVID19 crises since landlords are not legally allowed to evict when tenants can't pay due to virus-related poverty, but they are harrassing and evicting all the same (and no one is doing anything about it). Tenants need to be better protected and the "Tenant Anti-Harassment Ordinance" will make the process clear and protect tenants for years to come. Thanks for supporting the "Tenant Anti-Harassment Ordinance."
