Comments for Public Posting: File Number: 14-0268-S13 To End Homelessness Now-LA Members and Supporters Harassment is something that comes up with so many members of the Tenants Union, because as we know, there is no accountability for landlords. This law is one step in the direction of making landlords accountable for the harassment that tenants face- it defines harassment and makes it punishable by fines. Nothing is perfect so we will be keeping an eye on how it is implemented, but things like: o repeatedly offering move out agreements o lying to tenants about relocation or evictions o reducing services to tenants, including removing parking o refusing rent payments o retaliating or interfering with tenant organizing and formation of tenant's union when done as harassment will be punishable with fines, attorneys fees, and will also be a defense to an eviction. HOW GOOD IS THAT We the people demand the City of LA, Cease and desist of all harrassment toward the poor and unhoused, rather immediate house all with permanent housing with supportive services when needed. No more shenanigans... Thank you. Concerned LA County resident, Bella De Soto-Board Member with KPFK 90.7 FM, noncommercial listener sponsored community Radio. 310-345-7022
