

**CITY OF LOS ANGELES
INTER-DEPARTMENTAL MEMORANDUM**

DATE: October 26, 2023

TO: Honorable City Council
c/o City Clerk, Room 395, City Hall
Attention: Honorable Heather Hutt, Chair, Transportation Committee

FROM: Laura Rubio-Cornejo, General Manager 
Department of Transportation

SUBJECT: **IMPLEMENTATION OF SCHOOL SAFETY ZONE SPEED LIMITS / CITY OF LOS ANGELES
SAFE ROUTES TO SCHOOL (SRTS) STRATEGIC PLAN**

SUMMARY

The Los Angeles Department of Transportation (LADOT) seeks authority from the City Council to implement 15 mile per hour speed limits in School Zones on 494 street segments adjacent to 200 schools in the City of Los Angeles (City).

RECOMMENDATION

That the City Council, subject to the approval of the Mayor:

1. ADOPT the attached resolution, establishing “School Safety Zone” speed limits of “15 Miles Per Hour When Children Are Present” at 494 street segments adjacent to 200 schools within the LAUSD boundaries in accordance with California Vehicle Code Section 22358.4.
2. DIRECT LADOT to implement the “School Zone” speed limit signs and other signs and markings necessary to provide drivers with notice of the “15 Miles Per Hour When Children Are Present” regulation that allows enforcement of this speed limit by the Police Department for the 494 street segments identified on Exhibit “1.”

BACKGROUND

The California Vehicle Code (CVC) Section 22358.4.(b).(1).(A) defines a school zone and allows a local authority, by ordinance or resolution, to set a speed limit within the school zone that is lower than the speed limit in the surrounding neighborhood. The default School Zone speed limit is 25 miles per hour (mph), but the CVC allows for 15-mph school zones on streets that meet specific criteria. The reduced speed limit only applies while children attend or leave school.

In 2012, LADOT launched its Safe Routes to School (SRTS) Strategic Plan to implement a data-driven process to improve safety around school campuses. To prioritize schools for these investments, LADOT and LAUSD developed a methodology that considered the number of pedestrian and bicycle collisions, the number of students who live within a 1/4 mile of the school, the number of students eligible for free/reduced-price meals, and the lack of other transportation funding. Council directed LADOT to use this methodology to identify the top 50 LAUSD schools for SRTS treatments.

In 2016, Council adopted a resolution to establish school zone speed limits at 11 of the top 50 schools in the City (CF 14-0348-S1). LADOT implemented reduced speed limits at all 11 schools.

In May 2023, the Council adopted a resolution to establish school zone speed limits at the remaining top 50 schools in the City (CF 14-0348-S1). LADOT completed the implementation of the 15-mph school zone signs on August 15, 2023.

The Fiscal Year (FY) 2023-24 Budget funds the expansion of School Safety Zones to 200 additional schools. This report identifies these schools for reduced 15 mph speed limits.

DISCUSSION

LADOT developed the High Injury Network (HIN) to identify the streets with a high concentration of collisions that result in severe injuries and deaths, emphasizing those involving pedestrians and cyclists. This analysis showed that over 65 percent of all severe and fatal traffic collisions involving people walking occurred on just 6 percent of our streets. It also revealed that traffic collisions are the leading cause of death for those between 2 and 14 years old. With nearly 56 percent of all fatal and severe injury collisions occurring within a one-quarter mile of a school, LADOT created the SRTS Strategic Plan to address traffic safety at schools and protect children, parents, and caregivers across the City.

SRTS prepared school safety improvement plans for all Top 50 schools, and delivered safety improvements at many of these schools through State grants. LADOT used the current SRTS methodology to identify additional schools for reduced speed limits. In addition to reducing speed limits, LADOT is constructing speed humps, speed tables, and other engineering treatments at SRTS locations in FY 23-24. As directed by Council, LADOT will provide a revised methodology to prioritize schools for these treatments in future fiscal years.

The attached list of locations includes 200 identified schools that meet the CVC school zone criteria for 15 mph speed limits. LADOT evaluated each roadway segment adjacent to these schools to verify each met the following eligibility requirements of CVC Section 22358.4:

- The roadway is in a “residence district” as defined in CVC Section 515
- The roadway is a maximum of two lanes (total)
- A maximum posted 30 miles per hour prima facie speed limit immediately prior to and after the zone.

LADOT proposes to implement School Safety Zones at these priority locations, including 14 schools that are located in direct proximity to a ranked SRTS location.

FINANCIAL IMPACT

The initial estimate to authorize, purchase, and install the signs and posts at 200 schools on overtime is \$750,000. For this purpose, the funds are budgeted within LADOT’s Fiscal Year 23-24 budget.

RESOLUTION

DESIGNATION OF 15 MPH SCHOOL SPEED LIMIT LOCATIONS

WHEREAS, the California Vehicle Code (CVC) Section 22358.4.(b).(1).(A) states that a local authority may, by ordinance or resolution, determine and declare prima facie speed limits as follows:

“A 15 miles per hour prima facie limit in a residence district, on a highway with a posted speed limit of 30 miles per hour or slower, when approaching, at a distance of less than 500 feet from, or passing, a school building or the grounds of a school building, contiguous to a highway and posted with a school warning sign that indicates a speed limit of 15 miles per hour, while children are going to or leaving the school, either during school hours or during the noon recess period. The prima facie limit shall also apply when approaching, at a distance of less than 500 feet from, or passing, school grounds that are not separated from the highway by a fence, gate, or other physical barrier while the grounds are in use by children and the highway is posted with a school warning sign that indicates a speed limit of 15 miles per hour;” and

WHEREAS, CVC Sections 22358.4. (b).(2) and 22358.4.(b).(3) state that the prima facie limits established under CVC Section 22358.4.(b).(1) apply only to highways that meet all of the following conditions, which include a maximum of two traffic lanes, a maximum posted 30 miles per hour prima facie speed limit immediately prior to and after the school zone, and that the prima facie limits established apply to all lanes of an affected highway, in both directions of travel; and

WHEREAS, the Los Angeles Department of Transportation (LADOT) launched its Safe Routes to School (SRTS) Strategic Plan in 2012, with a vital element of the Strategic Plan using a data-driven process to bring safety improvements to school neighborhood streets; and

WHEREAS, LADOT and the Los Angeles Unified School District (LAUSD) developed a methodology for prioritizing schools, and after identifying the Top 50 prioritized schools, LADOT implemented “School Safety Zone” speed limits of “15 Miles Per Hour When Children Are Present” at 11 of the “LAUSD Top 50” schools in 2016, and the remaining 39 schools in 2023; and

WHEREAS, the SRTS Strategic Plan has been one of several ongoing initiatives that laid the groundwork for the City’s Vision Zero goal to eliminate all traffic deaths by 2025 and to support Vision Zero, LADOT developed the High Injury Network (HIN) to spotlight the streets with a high concentration of collisions

that result in severe injuries and deaths, with an emphasis on those involving people walking and bicycling; and

WHEREAS, the HIN showed that over 65 percent of all severe and fatal traffic collisions involving people walking occur on just 6 percent of our streets, and specifically that school-age children (under 18 years of age) are among our most vulnerable population, and traffic collisions are the leading cause of death for those between 2 and 14 years old; and

WHEREAS, with nearly 56 percent of all fatal and severe injury collisions occurring within a one-quarter mile of a school, LADOT is proposing to use any legal tools available to protect and enhance the safety of school children.

NOW, THEREFORE BE IT RESOLVED, that the City Council, pursuant to CVC Section 22348.4.(b).(1).(A) hereby designates the street segments specified in Exhibit 1 for the implementation of "School Zone" speed limits of "15 Miles Per Hour When Children Are Present" for 494 street segments adjacent to 200 schools; and

BE IT FURTHER RESOLVED, that upon adoption of this Resolution, LADOT be directed to post signs and install any necessary pavement markings to give notice of a "15 Miles Per Hour When Children Are Present" restriction for the locations identified in Exhibit 1; and

BE IT FURTHER RESOLVED, that LADOT be authorized to make technical corrections or clarifications to the above instructions in order to effectuate this resolution's intent.
