The Atwater Village Neighborhood Council requests a delay of vote until community wide outreach to the public and AVNC is provided explaining the NELA Riverfront Collaborative Vision Plan and NELA Riverfront District document.

Community Impact Statement:

Due to it's comprehensive nature and presentation, as a "vision plan" outreach needs to be held in Atwater Village to explain the real life details, implementation and allow for public comments before community plan "district" is approved.

NELA RC vision plan residential survey (p.52):

NELA respondents: 666

Atwater Village: 137 (less than 1% of A.V. community)

The Northeast Los Angeles Riverfront District (Jan 15):

This recently introduced document provides the strategy and approach to economic development which piggybacks on the "vision plan" We need time to review it's projects, financing tools, implementation and authority recommendations.
