

SWORN STATEMENT OF CHRIS WRIGHT

My name is Chris Wright and I am the owner and occupant of 564 N Arden Blvd. Los Angeles, CA 90004, which I will refer to as my "House" hereafter.

In accordance with the notification requirements, as relayed to me by Los Angeles Deputy City Attorney Saro Balian, for our Planning and Land Use Management ("PLUM") Committee hardship exemption application hearing ("the Hearing") I can attest to having done the following:

1. On September 25, 2015, I delivered written notification of the hearing to the front doorsteps of each of the properties abutting, across the street or alley from, or having a common corner with my House. This written notification included the date, time, room number, address and purpose of the Hearing.
2. On September 25, 2015, I posted written notification of the Hearing on the front door of my House. This written notification has remained in place on the front door of my House since September 25, 2015 and will not be removed until after the Hearing has concluded. This written notification included the date, time, room number, address and purpose of the Hearing.
3. On September 25, 2015, I sent via overnight US Postal Service delivery written notification of the Hearing to Zachary Deutsch who is the owner, but not the current occupant, of 561 N Arden Blvd Los Angeles, CA 90004, which is one of the properties across the street from my House. This written notification included the date, time, room number, address and purpose of the Hearing.

I swear, under penalty of perjury, that the foregoing is true and correct to the best of my knowledge.
