Hello Mr. P.Krekorian,

I feel it is a right time to ask You again to consider a few important facts, before making any decisions regarding "Saving Coldwater Canyon".

I moved with my family from Redondo Beach to Studio City, right next to the open space full of the beautiful nature in Coldwater Canyon area.

We were so happy, that we bought a wonderful house with a big backyard. We remodeled our whole property, created a friendly kingdom for our 6 years old twin Boys. We felt so blessed, that we were able to give them an opportunity to enjoy our Mansion.

After a few months, we learned about Harvard Westlake's unbelievable plan of building a parking structure, which could destroy the whole nature of Coldwater Canyon's Area.

Ever since we know about that plan we live in a fear, that our life could become a nightmare.

When it comes to the subject of the Harvard Westlake actions we feel helpless, because almost everything is not right.

As a City Consul you should make right & fair decisions for the whole Neighborhood of Studio City!!!!!!!!!!

Please remember, we are counting on your honest actions!

Schools and other institutions need to follow the same rules as everyone else when it comes to development in residential areas!

Make sure the Ordinance clarifies that conditionally permitted uses ARE subjected to the provisions of the BMO and BHO

Make sure that Projects currently in the process of seeking zoning entitlements ARE NOT EXEMPT from the ordinance!
