Dear Councilmember,

The proposed CD5 ICO falls far short of its stated purpose, to protect Beverlywood from mansionization. We deserve and demand the same protection being offered Faircrest Heights by ICO model G.

The delays and shortcomings of the ICO process underscore the vital importance of meaningful, permanent reform.

Nine months ago, Councilmember Koretz proposed a simple, effective, and permanent citywide fix to the problem. The city must move forward on his sensible proposed amendments to the BMO with all possible speed and a fully transparent process.

Sincerely,

Ronald Friedman

The city has developed ICOs to help protect some neighborhoods from mansionization. Good as far as it goes, but the ICOs are a short-term neighborhood-specific fix for a long-term citywide problem.

Nine months ago, Councilmember Koretz proposed a simple, effective, and permanent citywide fix to the problem. The city must move forward on his sensible proposed amendments to the BMO with all possible speed and a fully transparent process.
