

ITEM No. 15-A

MOTION

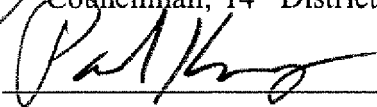

I MOVE that the matter of the Personnel and Animal Welfare and Public Works and Gang Reduction Committees Report relative to 2015-16 staffing for the Sixth Street Viaduct Replacement Project, Item No. 15 on today's Council Agenda (CF 14-1510-S3) BE AMENDED as follows:

1. Direct the Bureau of Engineering to design bicycle and pedestrian facilities for the new viaduct that meet the Department of Transportation's requirements for a shared use bicycle and pedestrian path on either side of the new viaduct; and
2. Direct the Bureau of Engineering to immediately design the master landscaping and park plan in order to make the City immediately more competitive for non-city grant funds.
3. Reallocate \$500,000 in previously approved FY15-16 MICLA Commercial Paper funds for this project, currently slated for landscaping, to fund public art costs as required by the Los Angeles Administrative Code.
