Dear Honorable Council Members:

In accordance with the Los Angeles International (LAX) Specific Plan, Los Angeles World Airports (LAWA) is required to prepare and submit the Mitigation Monitoring and Report Program (MMRP), Traffic Generation, and Aviation Activity Analysis annual reports to the City Council, the Board of Airport Commissioners, the Department of City Planning, and the Los Angeles Department of Transportation (LADOT). These reports are now posted on LAWA's website, <http://www.lawa.org/ourLAX/AnnualReports.aspx?id=9246>, for your reference. In keeping with LAWA's sustainability goals, we no longer provide hard copies, except where required. A CD can be obtained upon request from Environmental and Land Use Planning at (424) 646-6483.

As the LAX Master Plan Program moves forward, LAWA will continue to implement applicable provisions of the MMRP and to report on progress in all other required areas as needed.

If you have any questions or would like any additional information regarding this matter, please contact Mark Adams of our Government Affairs Division at (424) 646-5114.

Sincerely,

Gina Marie Lindsey
Executive Director
