## FOOTHILL TRAILS DISTRICT NEIGHBORHOOD COUNCIL

### Community Impact Statement

Council File #15-0026

At the General Board meeting of the Foothill Trails District Neighborhood Council held on February 19, 2015, the board members voted 13 yes ~~0~~ no ~~0~~ abstain to **support** development and maintenance of a publically accessible Development Conditions Database . Too many times throughout the City projects are built and then fail to comply with the conditions they agreed to when approved. Once this happens, stakeholders may not even know what conditions apply and then there is very little at best enforcement where actions are against original agreements. The Council offices are the source of tracking down original conditions and they are hampered by lack of information. A form of information available to all is way overdue and greatly needed so that inappropriate activities may be stopped.
