**JUSTIFICATION FOR PROJECT EXEMPTION:** The code amendment implements amended section of the State Density Bonus Law, which requires the replacement of any affordable units demolished or converted as part of a density bonus housing project, and lengthen the term of the affordable restrictions. It is determined that, in codifying these provisions, there is no possibility of causing a significant environmental impact, and therefore the activity is covered by the general rule exemption from CEQA as specified in Section 15061 (b)(3) of the State CEQA Guidelines.
