Councilmember Martinez recently introduced two motions related to community noise issues at Van Nuys Airport (VNY). LAWA is pleased to submit the attached report in response to both motions. We welcome the opportunity to provide the Committee with an overview and detailed explanation of the flight operations, regulations and accomplishments of the noise programs currently in place at VNY. Along with our overview, we are providing the Committee with LAWA's recent accomplishments and ongoing action plan for addressing community concerns relative to the early turns and touch-and-go operations at Van Nuys Airport.

We look forward to discussing these issues with your Committee and the entire Council as requested. If you have any questions about this report, please contact Lisa Trifiletti at (424) 646-5186.

Sincerely,

Gina Marie Lindsey
