Item Number:

Summary: The Greater Valley Glen Council supports if amended the Council motion (15-0467-S10) regarding the use of a pilot program to use cisterns to catch rainwater for watering newly planted trees in City street medians and parkways noting that such installations are already successfully in place, for example, along Woodman Ave. south of Roscoe Blvd., and that the focus of this effort should otherwise be directed on reporting the use of such rainwater capture to water existing City trees.
