

MOTION TRADE, TRAVEL AND TOURISM

Every year, economic impact numbers are released as part of National Travel and Tourism Week (NTTW). The Los Angeles Tourism and Convention Board (LATCB) should present to the full City Council 2017's economic impact numbers to highlight the importance of tourism as an economic driver. The presentation will provide an overview of the new 2017 economic impact numbers, revised visitation numbers for 2017, and several key updates.

I THEREFORE MOVE that the Los Angeles Tourism and Convention Board be requested to present their report to Council during National Travel and Tourism Week, May 6 - 12, 2018.
