Re: Opposition to CDP Application #5-14-1932, 2 Breeze Ave, Venice

Dear Coastal Commissioners:

It is unfortunate that the Commission has allowed the Applicant to manipulate a public hearing process to secure a hearing date that cannot be further continued from a location that is over 400 miles away from the community that is subject to the consequence of the Commission's determination. Were this hearing in Southern California, the hearing room would be filled with Venice residents who would urge you to deny this application for the following reasons, as do the undersigned community organizations whose members are not able to make the journey to Half Moon Bay.

I The Project Would Prejudice the Ability of the City to Prepare a Local Coastal Program in Conformity with the Policies of the Coastal Act

The City of Los Angeles is the only coastal community in California to undertake to issue coastal development permits pursuant to Section 30600(b) of the Coastal Act (Public Resources Code § 30000, *et seq.*). Section 30604 of the Coastal Act requires:

“Prior to certification of the local coastal program, a coastal development permit shall be issued if the issuing agency, or the commission on appeal, finds that the proposed development is in conformity with Chapter 3 [of the Coastal Act] (commencing with Section 30200) and that the permitted development will not prejudice the ability of the local government to prepare a local coastal program that is in conformity with Chapter 3 (commencing with Section 30200).”

Section 30604 mandates that “no coastal development permit be issued which would prejudice the local government’s ability to prepare a LCP in conformity with the [Coastal] Act.” (*Sierra Club v. Superior Court* (1985) 168 Cal.App.3d 1138, 1142.) The Coastal Staff Report’s recommended finding of no prejudice to LCP preparation is inadequate. It is myopically focused and *based solely on proposed conditions to mitigate public access impacts of the project itself*, and is without regard to the impact of the

project on the community character of Venice as a Special Coastal Community. The Coastal Act states that, “ ‘cumulative effect’ means the incremental effects of an individual project shall be reviewed in connection with the effects of past projects, the effects of other current projects, and the effects of probable future projects.” The Finding of no prejudice ignores the larger context in which this project, one of many undertaken by the Applicant that illegally converts critically sited residential neighborhood housing to commercial hotel use, passes the tipping point in destroying socially-diverse Venice neighborhoods that the Commission stated should be protected when it certified the Venice Land Use Plan (LUP). (See LUP Policy I. E. 1. “Venice’s unique social and architectural diversity should be protected as a Special Coastal Community pursuant to Chapter 3 of the California Coastal Act of 1976.”)

It bears emphasis that the neighborhood protection policies in the LUP are rooted in Section 30253(c) of the Coastal Act, which sets forth a coastal policy that requires that new development “protect special communities and neighborhoods which, because of their unique characteristics, are popular visitor destination points for recreational uses.” The “Introduction” to the Chapter II Land Use Policies of the LUP makes clear that Venice is a Special Coastal Community because of the social, ethnic, and economic diversity of its residential neighborhoods:

Developed as a beach resort, Venice was known as the Concy Island of the Pacific. Historically it has attracted people from all social and ethnic groups to the coast to live, work and play. While little remains of the “Venice of America” that was built by Abbot Kinney, Venice is still strongly influenced by its past. Each weekend hundreds of thousands of people are still attracted to the shore to enjoy the ambience of this coastal community. Kinney envisioned Venice to be more than a resort and today it is home to 32,270 permanent residents, many of whom inhabit the small summer homes built on substandard lots along paved streets over canals. Others live on substandard lots (many are less than 3,000 square feet in area) that have been redeveloped with more substantial single-family homes and multi-unit structures. Yet Venice remains the quintessential coastal village where people of all social and economic levels are able to live in what is still, by Southern California standards, considered to be affordable housing. Diversity of lifestyle, income and culture typifies the Venice community. United by the term Venetians with all its connotative meanings, Venice is really a group of identifiable neighborhoods with unique planning and coastal issues. (LUP, p. II-1.)

Moreover, the first three bullets in the LUP’s Summary of Venice Coastal Issues related to “Residential Land Use and Development,” on p. I-3, make clear that preservation of the diversity of Venice’s residential community is essential in protecting it as a Special Coastal Community pursuant to the Chapter 3 Policies of the Coastal Act. These include:

- Preservation of existing housing stock, and discouragement of conversion of residential uses to commercial use where appropriate.

- Provision of very low, low, and moderate-income housing for a cross-section of the population, including persons with special needs.
- Illegal conversion of residential uses to commercial uses and illegal provision of residential uses.

It is the diversity of our residential coastal community that makes Venice a Special Coastal Community. It is our unique, eclectic mix of families, artists, and residents of all colors and walks of life that make Venice a world-famous destination. Our community, its character, and its characters, depends on a balance between visitor-serving accommodations and permanent residential units. But that balance would be substantially compromised given the current and cumulative effects of a high-impact project like 2 Breeze. As set forth below, it is just one of five buildings that have been illegally converted by this Applicant alone. And, Mr. Lambert's illegal conversions are part of a larger onslaught of displacement of community residents as a result of illegal conversions to hotel and short-term rental commercial uses.

We respectfully submit that the "no prejudice to the LCP" Finding cannot be made here once this project is placed in context. To mechanically approve in isolation the conversion of a yet another neighborhood residential building to commercial use takes us way too far down the proverbial "slippery slope." If our residential communities continue to be driven towards extinction due to conversion of housing to hotel and short-term rental commercial uses, the goal of Coastal Act Section 30253(e) and its Policy I. E. 1. counterpart in the LUP will be forever undermined – the very prejudice to the LCP planning process that the Coastal Act mandates be avoided.

A. 2 Breeze is just one of many illegal conversions of residential dwelling use to hotel and short-term rental commercial use by the Applicant.

The following is a list of apartment buildings that the Applicant has unlawfully converted to hotel/short-term rental commercial uses. He is either the current or former owner of all these properties. The Applicant has never before sought a CDP from this Commission for any of these conversions. He should not now be rewarded for finally seeking forgiveness when he never previously first sought permission.

- B. The Lambert conversions are part of a larger phenomenon that is degrading and cumulatively changing Venice's unique character-defining residential neighborhoods.

As of today, there are 1,207 entire homes and apartments and 333 private rooms from Venice listed on AirBnB, and approximately 1,000 more listed on 30 other marketing platforms. Enclosed is an Airbnb map that shows the location of those 1,540 listings, almost all of which are located in the Venice Coastal Zone and most of which are located on or near the Ocean Front Walk where the Applicant's property is located.

- C. The balance between commercial and residential dwelling uses would be essentially destroyed by approval of this project.

As Coastal Staff indicates, the subject property is within the LUP's Community Commercial land use designation. And, while overnight visitor-serving uses can be a preferred use in certain circumstances, in the cumulative context of the many past, current and future conversions of residential dwelling use to short-term hotel and rental unit commercial uses in the Venice Coastal Zone, it is not a preferred use due to the adverse cumulative impact of the conversions on the balance between the commercial and residential dwelling uses.

Policy I. B. 6 of the LUP seeks a balance between residential dwelling uses and visitor-serving commercial uses. It states in its pertinent part:

The areas designated as Community Commercial on the Land Use Policy Map (Exhibits 9 through 12) will accommodate the development of community-serving commercial uses and services, with a mix of residential dwelling units and visitor-serving uses... The existing community centers in Venice are most consistent with, and should be developed as, mixed-use centers that encourage the development of housing in concert with multi-use commercial uses. The integration and mixing of uses will increase opportunities for employees to live near jobs and residents to live near shopping.

As the facts demonstrated above make clear, the rampant illegal conversion of residential dwelling units into hotel and short-term rental commercial uses is changing the fabric of Venice's unique coastal community and is doing so at a scale and rate that requires the attention of this Commission in order to prevent prejudice of the City's ability to prepare a LCP that implements the certified LUP's Policies and reflects its commitment to preserve and protect Venice's unique (mainly) residential community character.

It is noteworthy that LUP Policy I.A.17 presages our concern about the loss of permanent rental housing. It states:

"To preserve existing rental housing stock and prevent conversion of permanent rental housing to youth hostels, the LIP may set forth a maximum number of youth hostel units (based on a percentage of total number of existing rental units) permissible in the Venice Coastal Zone."

At the time of the LUP's certification in 2001, its drafters were concerned about the impact a relatively small number of youth hostels might have on the residential community. They could not foresee or even imagine the extent of the loss of rental housing stock in the Venice Coastal Zone that has been converted and is being proposed for conversion to hotel and short-term rental commercial uses.

And finally, the Coastal Act's Legislative Findings and Declarations; Goals note the importance of balanced coastal resources in Section 30001.5(b), which states:

"The Legislature further finds and declares that the basic goals of the state for the coastal zone are to assure orderly, balanced utilization and conservation of coastal zone resources taking into account the social and economic needs of the people of the state."

D. The Coastal Staff Report fails to inform the Commission that the City and the Venice Neighborhood Council have recognized the need to stop conversions of residential housing to commercial uses, such as hotels and short-term rental units.

In support of its recommendation to grant the State coastal development permit, Coastal Staff cites support of former 11th District Councilmember Bill Rosendahl and the Venice Neighborhood Council. However, this support was solicited almost three years ago, long

before the avalanche of illegally converted hotels and short-term rentals that is now threatening to destroy the unique character of our protected, coastal residential neighborhoods and rob our City of desperately needed rental housing, including low-income rental housing. Current Councilmember Mike Bonin opposes the conversion of ANY rental units subject to regulation by the City of L.A. Rent Stabilization Ordinance to hotel and short-term rental commercial uses. Enclosed with this letter is a copy of the motion that Councilmember Bonin introduced on June 2, 2015 that commits to preparing a City ordinance governing short-term rentals in the City of Los Angeles. And on September 15, 2015, after a lengthy process including several committee reviews and local community Public Hearings, the Venice Neighborhood Council adopted a Motion in support of Councilmember Bonin's city-wide motion, which offers 20 additional suggestions for strengthening the ordinance to regulate and limit the proliferation of short-term rentals Citywide, including and especially in Venice. A copy of that motion is also enclosed.

II. The City Has Incorporated Mello Act Compliance into its LUP and Has Failed to Comply with its Requirements.

As previously argued in the July 13, 2015 letter to the Commission from the Venice Community Housing Corporation, a copy of which is attached for your convenience, the Commission may consider the requirements of the Mello Act in reaching its decision. In making this argument, we recognized that the Coastal Act was amended in 1981 to eliminate provisions encouraging affordable housing for persons of low and moderate income. We asserted, as acknowledged in the Commission's February 10, 2015 "Report on Coastal Act Affordable Housing Policies and Implementation," that nothing precludes cities from submitting LUPs that include affordable housing policies and Mello Act compliance requirements. Because the City of L.A. included Mello Act compliance requirements in its certified LUP, it is those LUP Policies that guide the Commission in this case. Mr. Steven Kauffmann's letter of September 2, 2015, misses this critical point.

In brief, because the LUP specifically requires compliance with the affordable housing requirements of the Mello Act, there must be compliance with the threshold requirement that a conversion of residential use to commercial use may be permitted only where the commercial use is coastal dependent or, if the conversion is to a non-residential use that is not coastal dependent, it is first determined that residential use is no longer feasible at that location. Because the City did not in its Mello Act Compliance Determination consider or make any factual determination regarding the feasibility of continued residential use, the Commission should either remand the matter to the City to make that Finding or deny the application because the Finding has not been made. Alternatively, the Commission should deny the application because it is obvious that continued residential use is feasible. The Applicant admits that each of the 31 units could be rented for between \$3,000 and \$4,000 per month, or up to \$1,488,000 per year.

While the Applicant states he has invested \$4 million in improvements in the subject property and preserved architectural character, he would have had to make that

investment to preserve the building in any case. Moreover, that investment addresses only the architectural diversity element in Policy I.E.1, and not the requirement stated therein to protect and preserve the unique social diversity of our Special Coastal Community.

III Conclusion

As a petition circulating in our community states, our friends, families, and neighbors are being replaced by lockboxes, cleaning crews, loud parties, and neighborhoods of strangers. Tenants are facing harassment, evictions, and offers to move out quickly for cash. This phenomenon is destroying the very character of Venice that makes it a destination in the first place. The responsibility for ensuring that the LCP planning process is not prejudiced falls in the first instance on the shoulders of this Commission. For all of the reasons above, we ask you to reject this conversion from residential to non coastal-dependent commercial hotel use.

VOTE NO on VENICE BUSINESS IMPROVEMENT DISTRICT!

Dear Councilmembers,

THE CITY OF LOS ANGELES MUST NOT SIGN A CONTRACT WITH KNOWN OPERATORS OF ILLEGAL BUSINESSES IN VENICE.

Long-term residents have been illegally & systematically removed from multi-unit apartment buildings on Ocean Front Walk and elsewhere in Venice.

On June 20, 2016, Los Angeles City Attorney Mike Feuer charged Carl Lambert and Andy Layman, 2 prominent local business owners, with operating illegal hotels in RSO apartment buildings on OFW.

Lambert & Layman are both former Presidents of the Venice Chamber of Commerce. They are 2 of the 9 signatures on the proposal/ ballot solicitation for the Venice Business Improvement District.

Carl Lambert has been the primary promoter of the Venice Business Improvement District starting in 2013 as a member of the Ocean Front Committee of the Venice Neighborhood Council when this proposal was referred to as the Ocean Front Walk Business Improvement District.

Lambert is a lawyer, broker and tax expert. He has converted 5 RSO apartment buildings in Venice into hotels.

As immediate past president of the COC he set the tone for business practices in Venice. The cumulative effect of his apparent willingness to ignore or manipulate laws while COC president is a pervasive pattern of prominent business owners & developers also ignoring or manipulating the law. This activity has been brought to the attention of various city departments including Planning & Building & Safety.

Carl Lambert has worked closely with City Councilman Mike Bonin on issues in Venice including the BID, Venice Forward, & LAPD Surveillance.

DO NOT SUPPORT CRIMINAL OPERATORS IN VENICE:

- **Illegal change-of-use of Rent Stabilized apartments to illegal hotels.**
- **Illegal change-of-use of residential apartments to illegal commercial office & event use.**
- **Intimidation of senior residents, illegal evictions, buyouts under pressure.**

- Questionable reporting on Mello Act compliance by property owners. The Mello Act is a California state law that protects residential housing and affordable units in the coastal zone.
- Questionable Venice Sign Off (VSOs) & Coastal Exemption Permit (CEXs) protocols. Abuse of the terms “renovation” & “extension” for virtual demolitions and McMansion replacements. NO due process for community. Loss of revenue for the City of Los Angeles.
- Abuse of Permit Fee assessments based on applicant estimates of total project costs causing a loss revenue for the City of Los Angeles.

If you illegally remove long-term residents you are removing neighbors, friends, families, local children, community, and the very essence of a “neighborhood.”

You are also removing voters.

If you illegally remove long-term residents & replace them with illegal businesses, those businesses & Chamber of Commerce members vote in the Neighborhood Council elections instead of long-term residents. They promote their agenda.

SPECULATORS WIN AGAIN.

State law allows business owners to form Business Improvement Districts. That is not the issue.

The CITY OF LOS ANGELES MUST VOTE NO to the VENICE BID.

THE LAW MUST MATTER.

ONE SET OF LAWS FOR ALL CONSTITUENTS.

THE CITY OF LOS ANGELES MUST NOT SIGN A CONTRACT WITH KNOWN OPERATORS OF ILLEGAL BUSINESSES IN VENICE.

The Venice Property Owner’s Association is a private entity that will control the Venice BID. Steve Neumann is the only named person in the Venice Property Owner’s Association registration. There is no information on the other executive officers of this entity in spite of numerous requests for information to the Office of the City Clerk.

23.04% of the property in the proposed Venice BID is city-owned. The assessment cost is \$450,000+ per year of taxpayer money.

The City of LA, while committing more than \$450,000 per year, would have zero input in the BIDs operation. Neither will residents.

There has been NO public input.

With city-owned property making up 23.04% of the assessment area, the Venice BID would be a privatization of public areas and city budget for the benefit of private businesses and property owners, some of whom operate illegally, with no public or city input. That is criminal.

Long-term residents have an invested stake in their community and illegally removing them removes the stabilizing presence of family, friends and neighbors. Years of "illegal-change-of-use" complaints to the Department of Building & Safety were closed with no violation but tenants are gone.

These homes must be returned to their legal use.

Venice is a unique 3-square-mile coastal community. It has the oldest "intentional" black community on the west coast of America.

Venice is currently under a gang injunction.

Venice has more illegal RSO apartment building conversions to illegal hotels and more Airbnb rental listings than any other area of Los Angeles.

These 2 realities cannot logically co-exist.

If Venice is under a legitimate gang injunction why is the City of Los Angeles allowing tourists from all over the world to be put at risk?

Airbnb is putting travelers at risk by refusing to register hosts and thereby allowing rentals on their platform in an area under a gang injunction.

Or is the Venice gang injunction a tool of gentrification?

The city must decide. Allowing these two realities to co-exist is a betrayal of everyone.

A very small group of wealthy property owners combined with the City at 23.04% could pass this vote.

This would be detrimental to the community of Venice as well as small business owners and visitors. Property-owner assessment fees will be passed on to tenant business owners. This will increase the cost of everything from local food prices to goods and services as smaller vendors are potentially forced out. This will have a cumulative negative effect on quality of life for residents and on visitor access.

The entire process of the BID has been secretive. In spite of multiple requests to CD 11 for a community meeting there was only one public presentation by Debbie Dyner Harris

at a Venice Neighborhood Council meeting on April 19, 2016. It was a 5 min overview of the concept and the geographic area of the proposed BID with no Q&A.

City assessor's records show that many properties have been bought in the BID area in the last 6-12mths. This appears to be an unfair advantage in business for those on the inside track, equivalent to insider trading.

A lot of focus in discussions of BIDs is on security. In Venice, the City of Los Angeles has failed to enforce many of its own laws. Property owners have made a lot of money using illegal tactics to remove tenants and benefit themselves at a huge cost to the community.

Who are the criminals?

Do not compound injustice.

**VOTE NO on the VENICE BUSINESS IMPROVEMENT DISTRICT!
Illegal business owners must not be rewarded by our city with our \$!**

Sincerely,

Margaret Molloy

Mr. Lambert has converted 5 RSO apartment buildings in Venice into illegal hotels

417 Ocean Front Walk- 32 unit RSO apartments

The Waldorf- 32 unit RSO apartments

2 Breeze- 31 unit RSO apartments

25 unit RSO apartments- Mr. Lambert and the building owners, but operate previously as Venice Apartments

52 Paloma- 8 units RSO apartment- Mr. Lambert recently sold the building but never previously operated it.

August 18, 2016.

Carl Lambert continues to use an illegal parking lot at 811- 815 Ocean Front Walk for his hotel guests.

Visitors say that Venice Breeze Suites provides free parking at this location if you stay for several days.

Carl Lambert

Carl Lambert, of Lambert Investments, holds a law degree from Southwestern University, a Bachelor of Science degree in Business Administration from Pepperdine University and a Masters of Science Degree in Taxation from Northrop University. With over 26 years experience in real estate development and property management, his education and professional experience provide clients with a complete understanding of real estate transactions from practical, business, legal, and tax perspectives.

In 1979, Mr. Lambert formed Lambert Investments, Inc. as a real estate brokerage, syndication and property management firm. His rare vision for community growth and redevelopment has defined the company's approach to commercial and residential projects. Mr. Lambert's strong belief in collaboration has been widely recognized by community leaders and local agencies, most recently earning him a Gold Nugget Award for the first live/work artists' lofts in Santa Monica. As former and current President of Action Apartment Owners Association serving his third term and as a Director of both the local and statewide Apartment Owners Associations; Mr. Lambert's knowledge and accomplishments benefit clients and their properties throughout the Westside, providing creative solutions to the challenges of rent control and land use issues. His work with both local and state government regulators has been instrumental in the adoption of vacancy decontrol legislation. He currently writes a column for the Westside Apartment Monthly magazine. In addition to his Westside business ventures, Mr. Lambert is also involved with several projects on Catalina Island. In the late 1990s, he purchased a boarding house and transformed it into a multi-million-dollar repositioning venture; The Avalon Hotel, the island's premier boutique accommodation. Mr. Lambert's experience renovating this project allowed him to face the challenges of island-based construction as well as develop relationships with Avalon's community leaders. As a member of the Catalina Island Medical Center Foundation, president of the Tuna Club Foundation and a director of the Catalina Island Visitors Bureau and Chamber of Commerce, he is uniquely positioned to forge alliances and associations in the Avalon community.

Mr. Lambert also serves as a member of the Pepperdine University Advisory Board and is a founding member of the Pepperdine University Graziadio School of Business and Management Board of Visitors.

Mr. Lambert's, experience, foresight and specialized qualifications continues to make a meaningful difference for buyers, sellers and investors.

Re: 417 Ocean Front Walk

Carl Lambert is a lawyer, broker and developer.

He is also a serial operator of unpermitted businesses. He has a pattern of buying buildings, emptying them of tenants, turning them into de facto hotels, advertising them for years as hotels, and then applying for an after-the-fact change-of-use permit to turn a Rent Stabilized apartment building into a legitimate hotel.

He sold 2 such apartment buildings in 2015, 52 Paloma Avenue and 29 Navy Street, after operating them for years in this way. 29 Navy was advertised for sale on his website as “currently operating 24 units as monthly/weekly rentals.” (photo: <http://www.lambertinc.com/> Oct 1, 2015)

The screenshot shows the header of the website. At the top, there is a navigation bar with links for "Most Visited", "Getting Started", "Apple", "Cloud", "Facebook", "Twitter", "Wikipedia", "Yahoo", "News", and "Popular". Below the navigation bar is a search bar with the placeholder "Search". Underneath the search bar is a banner with the text "310-433-9656 | Seeing Real Estate The Way It Should Be." In the main content area, there is a logo for "Lambert Investments Inc." followed by the company name in a bold, sans-serif font. To the right of the logo are four navigation links: "ABOUT US", "SERVICES", "PROJECTS", and "AVAILABLE PROPERTI".

Each of Mr. Lambert's 5 buildings have had change-of-use complaints filed with Los Angeles Housing + Community Investment Department's Code Enforcement Division. Tenants do not appear to have left happily. Complaints were filed on 417 Ocean Front Walk. Many complaints were filed on Mr. Lambert's four other properties. The tenants are gone.

How do these complaints go unanswered?

2 complaints were filed in 2013 for unpermitted construction at 811 Ocean Front Walk. This is Mr. Lambert's Venice Breeze Suites parking. A garage was demolished, 2 trees removed, concrete poured, and a chain link fence, security lighting and an electric gate were installed. According to Los Angeles Building & Safety Department website no permits were issued on this property since 2004.

In November 2015 Mr. Lambert applied to the California Coastal Commission for an after-the-fact change-of-use permit to convert 2 Breeze, a 32-unit Rent Stabilized apartment that he has owned since 2007 into a legitimate hotel. He said that the building was already operating as an unpermitted hotel when he bought it in 2008. He presented Los Angeles City's SurveyLA report that it was previously a hotel.

FROM: South Coast District Staff SUBJECT: ADDENDUM TO ITEM W17a,
COASTAL DEVELOPMENT PERMIT APPLICATION NO. 5-14-1932 FOR
THE COMMISSION MEETING OF WEDNESDAY, NOVEMBER 4, 2015.

Project History

- **1930:** Building constructed as “Breeze Hotel” and used as apartments.
 - * Building footprint extends to property lines w/no on-site parking; City determined project has grandfathered parking rights
- **Late 1900s-Early 2000s:** Property had both hotel and apartment use. (See sign from prior owner.)
- **2007:** Applicant purchased subject property and began renovation for interior remodel with Coastal exemption and building permit from City.
- **2012:** City notified applicant that a change of use permit was required for transient occupancy use.
- **2012:** Applicant submitted application to City for change of use to 30-room hotel.

Context: Commercial Development, 185-0-1980 Title: Hotel, 3000-3000

The Central Breeze was used to track all significant examples of older buildings in Memphis that could have occupied and still be used overlooking the Mississippi River and along Central Avenue between Union Boulevard on the south and the City of Santa Maria border on the north. A number of the original hotels and apartment houses built to accommodate tourists in the western United States before 1900, for example were identified in the survey, starting from the 1880s to the 1920s. While modernizing, to some degree, these buildings are reminiscent to the international style of America in 1920-27, namely, Art Deco.

LADBS records show that the original construction permit for 2 Breeze was for an apartment building and all subsequent Certificates of Occupancy were also apartment.

The comment section of the 2015 LADBS application for a change-of-use illustrates the reality.

It is apparent that other elements were also in play at 2 Breeze.

a prescribed predictable manner to ensure a high level of uptime and availability. The Venice Beach LAPD substation will have both viewing and proactive response capabilities. Video will be recorded at both the Venice Beach Police substation and the 2 Breeze Avenue LAPD location. The locations along Ocean Front Walk identified in the preliminary design provide situational awareness through fixed and pan-tilt-zoom cameras. An audio loudspeaker is included in many of the locations and audio intervention is possible from any monitoring station within this system. It is proposed that the 2 Breeze Avenue location will serve as the main wireless network infrastructure aggregation location for most of the Venice Beach surveillance equipment.

Upon approval of this Report, \$298.288.00 in Quimby Fees can be transferred from the Quimby Fees Account No. 89460K-00 to the Venice Beach Account No. 89460K-VE and allocated to the Venice Beach – Public Safety Camera (PRJ20875) project. The total Quimby Fees allocation for the Venice Beach – Public Safety Camera Project (PRJ20875) project is \$298.288.00. These Quimby Fees were collected within two (2) miles of Venice Beach, which is the standard distance for the allocation of the Quimby Fees for community recreational facilities.

installed the required cameras in coordination with the Los Angeles Police Department (LAPD), the Office of CD-11, and the RAP Planning, Construction, and Maintenance Branch (PCM). The cameras were installed near and along Ocean Front Walk at the following locations:

Two (2) pole mounted intersection camera locations:

- Pacific and Brooks Ct.
- Pacific and Westminster Avenue

Building mounted equipment locations, most of which are privately owned:

- VBS near Westminster and Ocean Front Walk (3 cameras)
- 2 Breezeway Avenue Building (2 cameras)
- Venice Beach Police Sub Station (2 cameras)
- 1101 Ocean Front Walk Building
- VBN near Brooks Avenue and Ocean Front Walk (3 cameras)
- Good See Optical Lab Building
- 615 Speedway Building (2 cameras)

NO. 15-068

LAPD, in coordination with RAP, has determined that public safety awareness requires a delicate balance of tactics, technology, and process that when done properly improve citizen quality of life and safety. It is the objective of the proposed projects design to provide a technological solution that is tailored to the community of Venice Beach to accomplish this objective.

LAPD and RAP agree that intervention is fundamental to prevent and suppress criminal and nuisance activity. From a technical perspective, intervention requires minimal system latency and acceptable levels of video quality, and the ability to interact with live audio. **It is the LAPD's experience with local communities, when intervention is properly implemented, that the community not only accepts this capability, but will wholeheartedly embrace it.**

The proposed Project will be highly scalable, beginning with wireless network connectivity designed in a peer-to-peer fashion. Video traffic will flow through this network in a prescribed predictable manner to ensure a high level of uptime and availability. The Venice Beach LAPD substation will have both viewing and proactive response capabilities. Video will be recorded at both the Venice Beach Police substation and the LAPD 2 Breezeway LAPD location.

The preliminary design will be presented in three sections:

- Interaction and Intervention locations;
- Monitoring and Response; and,
- Networking Infrastructure

ON 11/7/13, OFW, along with other committees in a special meeting, recommended against cameras. **From the 11/7/13 minutes:**

SECURITY CAMERAS AND PUBLIC ADDRESS SYSTEM

The Ocean Front Walk Committee, Public Safety Committee and Visitor Impact Committee recommend the VNC not support security cameras.

The Ocean Front Walk Committee, Public Safety Committee and Visitor Impact Committee recommend the VNC to support the use of public address system for use in emergency and

evacuation purposes only.
Sevan Motion, second Laura.

However, they did support increased lighting at the meeting. On Nov. 25 was another joint meeting, this time including the Board. However, only OFW appears to have voted:

6) SECURITY CAMERAS

The OFW Committee recommends that the City of LA does not install security cameras on OFW, because they are an invasion of privacy, they have historically been poorly maintained, and they would be technologically unfeasible.

Mr. Lambert is a powerful player in Venice real estate. Venice Waldorf LLC et Al bought 1207 Ocean Front Walk (5 Westminster) for \$18, 238,682 million in July 2015, a building he has managed for several years.

We should not take any action by Mr. Lambert lightly. Many people are affected by Mr. Lambert's ambitions and have lost their homes. We are losing significant aspects of our community through his actions. The Ocean Front Walk has always been a mixed-use residential and commercial area and this balance has kept the community cohesive. Residents are the eyes, ears and hearts of community. We are invested in the welfare of all members, old, young, rich or poor, housed and unhoused. Displacing residents along the Ocean Front Walk has a negative effect on the visitor/residential balance that is part of our unique coastal community.

One tenant at the December hearing on 417 OFW told the audience that Mr. Lambert had offered her \$50K to move out of her apartment at 52 Paloma but she had told him that she preferred to stay. That is an indication of the treasury involved in privatizing the revenue of these properties in perpetuity.

All housing laws are designed to protect tenants.

Please support our laws. No hotels in our homes.

Mr. Lambert has converted 5 RSO apartment buildings in Venice into illegal hotels

417 Ocean Front Walk- 32 unit RSO apartments

The Waldorf- 32 unit RSO apartments

2 Breeze- 31 unit RSO apartments

25 unit RSO apartments - Mr. Lambert sold this building recently but operated previously as Venice Apartment Suites

52 Paloma- 8 units RSO apartment - Mr. Lambert recently sold this building but operated previously Paloma Suites

Please Deny this application on the basis of the documented research.

1. Mr. Lambert is a serial operator of illegal conversion of RSO apartment buildings to hotels in Venice- 5 buildings.
2. Mr. Lambert is the President of the Venice Chamber of Commerce and sets a precedent for business practices in our community.
3. Mr. Lambert is a lawyer, broker and developer and should be a responsible business operator.
4. The Mello Act, Rent Stabilization Ordinance and zoning laws are laws, not open to interpretation.
5. We ask the Venice Neighborhood Council to uphold the law. We ask the Housing Department, Planning Department, Los Angeles City Council, CD 11 Councilmember Mike Bonin, and the City Attorney's Office to enforce the existing housing laws.
6. If this is all legal as Mr. Lambert asserts we would not be here.

Thank you for your consideration.
