

CF 15-0622

June 24, 2015

MEMORANDUM TO FILE

At its meeting held on June 10, 2015, the City Council adopted Agenda Item No. 14, Final Environmental Impact Report, Statement of Overriding Considerations, Planning and Land Use Management Committee Report, Resolution and Ordinance First Consideration relative to the Sylmar Community Plan (Council File No. 15-0622), by a vote of 13-0 as amended.

The Item was amended to refer back to the Planning and Land Use Management Committee recommendation No. 5 (i.e., PRESENT and ADOPT the accompanying ORDINANCE [Exhibits C, G, and H of the LACPC report and attached to the Council file] to effect changes of zone and height district, as identified in the Land Use and Zone Change Map, Land Use and Zone Change Matrix, for the Sylmar Community Plan area, generally bounded by the Los Angeles City boundary line on the north and east, the City of San Fernando on the south and southeast, and the I-5 and I-405 on the west). However, the ordinance inadvertently was transmitted to the Mayor for signature and subsequent posting. Because the City Council had not passed the ordinance pursuant to Charter Section 250 (a), the Mayor's signature had no legal effect.

The posted document has been removed from its posting, and the ordinance referenced in Recommendation 5 has been referred to the Planning and Land Use Management Committee.
