Room 395, City Hall  
Los Angeles, CA 90012

Dear Honorable Members:

**MOBILITY PLAN 2035 ADDITION TO FINAL ENVIRONMENTAL IMPACT REPORT**

For the upcoming PLUM meeting, the City Planning Department submits an Addition to Final Environmental Impact Report, dated June 2015, ("Addition"), on the Mobility Plan 2025 Update EIR, SCH No. 2013041012. This Addition includes (1) written responses to comments on letters that the City received *after* the public comment period ended on April 6, 2015 and (2) makes corrections to the Recirculated Draft EIR and the Final EIR, dated May 2015, for the purpose of clarification and making non-substantive clean-ups and corrections. CEQA does not require written responses to comments made after the comment period has ended. However, the responses in the Addition are intended to provide additional clarification. PLUM and the City Council should consider the contents of the Addition as part of its review and certification of the Final EIR.

The Addition is found at the following link along with the letters received after the comment period: <http://planning.lacity.org/eir/TocFeir.htm>.

Sincerely,

Ken Bernstein, AICP  
Principal City Planner
