Fiscal Impact Statement: The CAO and the CLA report that there is no fiscal impact to the 2021-22 Budget resulting from the recommendations in the November 17, 2021 joint CAO/CLA report, attached to the Council File. The Games Agreement identifies a reimbursement process for the costs of providing enhanced City resources including staff costs which exceed normal and customary service levels and for liaison staff. The future fiscal impact of hosting the 2028 Games cannot be determined at this time. Positive financial implications resulting from the hosting of the 2028 Games include, but are not limited to, the Youth Sports Partnership Agreement, and the creation of a Legacy Entity to further advance commitments to youth sports with funding from the potential financial surplus at the conclusion of the 2028 Games. The Games Agreement includes robust measures, including reimbursement agreements for enhanced City resources, a financial contingency funded by LA28, regular reporting and coordination with LA28, the commitment to a fiscally responsible 2028 Games, risk management requirements, insurance, federal support for public safety, and commitments by the State of California in the event of a deficit, among other provisions, intended to offset and mitigate any potential cost impact on the City.

Summary:

On November 29, 2021, your Committee considered a November 17, 2021 joint CAO/CLA report relative to proposed Games Agreement and the Fifth Amendment to the Memorandum of Understanding (Contract No. C-129859) with LA28, and the United States Olympic and Paralympic Committee. According to the CAO/CLA, on August 11, 2017, Council approved actions to support efforts by the Los Angeles 2024 Exploratory Committee, subsequently reorganized as LA28, in order to bring the 2028 Olympic and Paralympic Games (2028 Games) to Los Angeles (Council File No. 15-0989). This Council action included approval of the MOU (Contract No. C-129859) with LA28 and the United States Olympic and Paralympic Committee (USOPC), as well as the Host City Contract (HCC) between the City, the USOPC, and the IOC.

LA28 later became a party to the HCC through a Joinder Agreement executed in November 2018 (Contract No. C-130124). The MOU serves as the framework for the initial roles, responsibilities, commitments, and obligations between the Parties. In addition, the MOU currently requires the parties to cooperate in good faith to negotiate and execute a Games Agreement by November 1, 2021 to incorporate the provisions of

the MOU and to further identify the obligations and actions between the City and LA28 regarding the hosting of the 2028 Games. The City and LA28 held numerous meetings and recently completed negotiations resulting in the attached proposed Games Agreement, presented for Council and Mayoral consideration. The proposed Games Agreement continues each existing MOU commitment and obligation with several minor revisions to reflect technical or administrative updates. The City Attorney advises that any changes in the Games Agreement compared to the MOU are not material in nature and continue the intent of the MOU.

Also, the Games Agreement expands upon the MOU to provide greater clarity regarding the responsibilities of the City and LA28 regarding the hosting of the 2028 Games. Specifically, the Games Agreement includes sections relating to:

- Delivery of City resources and reimbursement of City costs.
- Administrative and legal obligations such as risk management, transparency, and dispute resolution
- Commitments by LA28 to advance City priorities through the 2028 Games including:
 - A Legacy Plan, including surplus funds, accessibility, human rights, and community access.
 - Community business and workforce development
 - Sustainability
 - Arts and culture
 - Mobility and transportation
 - Public safety

After further consideration and having provided an opportunity for public comment, the Committee moved to recommend approval of the recommendations contained in the joint report, as amended. This matter is now submitted to Council for its consideration.

Respectfully Submitted,

Ad Hoc Committee on the 2028 Olympics and Paralympic Games
