

**MOTION**

I MOVE that the matter of the HOMELESSNESS AND POVERTY COMMITTEE REPORT relative to the City's Comprehensive Homeless Strategy, Item No. 6 on today's Council agenda (CF#15-1138-S1), BE AMENDED to:

1. Add to Strategy 3B – Develop Encampment Engagement Protocol, a provision that all homeless encampments are cleaned with the requirement of a 24-hour notice instead of the 72-hour notice currently being provided.
2. Add to Strategy 3C – Widen Access to First Responder Teams for Homeless, an instruction to LAPD and LAFD to report to Council with additional information and a proposed framework for the incorporation of Sobering Units into its homelessness strategy. Upon this information and proposal, LAPD and LAFD should also secure Council Approval at a future date in order to implement a Sobering Units component to the City's efforts.
3. Add to Strategy 3D – Expansion of Jail In-Reach, an instruction to LAPD to explore the feasibility of developing a protocol that not only ensures in-reach services are effective, but that seeks to ensure that no homeless individual walk out of any City jail without a safe place to stay. Upon release, LAPD or LAHSA should take or transport homeless individuals to an appropriate service provider.
4. Add to Strategy 3E – Integration with County Health Sobering Centers, an instruction to LAFD and LAPD to report to Council on the proposed locations and distribution of Sobering Units within the City limits prior to securing Council approval for the utilization of the County's proposed Sobering Centers.
