Interim City Administrative Officer

CITY OF LOS ANGELES
INTER-DEPARTMENTAL CORRESPONDENCE

Date: February 20, 2017

To: Honorable Members of the Homeless Strategy Committee

From: Richard H. Llewellyn, Jr., Interim City Administrative Officer

Subject: **Comprehensive Homeless Strategy – Quarterly Performance Report
Fiscal Year 2017-18 Second Quarter**

Attached is the Fiscal Year 2017-18 second quarter Comprehensive Homeless Strategy (CHS) Quarterly Performance Report (QPR). This QPR provides the quarterly CHS metrics data and highlights key accomplishments.

Some of the accomplishments described include:

- Continued implementation of Proposition HHH (Strategy 10D);
- Expansion of jail in-reach services (Strategy 3D);
- Expanded access to public restrooms (Strategy 6F); and
- Affordable housing linkage fee passage (Strategy 7F).

This QPR provides metrics data for 51 metrics across 16 strategies.

Subject: **Comprehensive Homeless Strategy – Quarterly Performance Report Fiscal Year 2017-18 Second Quarter**

SUMMARY

This is the Fiscal Year (FY) 2017-18 second quarterly performance report (Q2 QPR) on the City's Comprehensive Homeless Strategy (CHS) for your review and submission to the Homeless Strategy Committee. This report highlights key accomplishments, metrics data, a new initiative, and provides an update on the CHS strategy review process.

DISCUSSION

Accomplishments

The status and next steps for each individual strategy are provided in Attachment 1. Key accomplishments and challenges in Q2 are discussed below.

Key Accomplishments

- Proposition HHH (Prop HHH) Second Year Implementation (Strategy 10D)
 - The Housing and Community Investment Department (HCID) released the 2017 Prop HHH Permanent Supportive Housing Loan Program Call for Projects (CFP) in December 2017. The Prop HHH Facilities Program Request for Proposals closed on November 3, 2017. The Q3 QPR will provide the results of these processes.
- Permanent Supportive Housing Memorandum of Understanding (Strategy 7J)
 - In December 2017, the City, represented by HCID, executed a Memorandum of Understanding (MOU) with the County of Los Angeles (County) and the Housing Authority of the City of Los Angeles (HACLA) to support development, operations, and supportive services in permanent supportive housing. According to the MOU, HCID will finance development of PSH units, HACLA will provide operating subsidies in the form of project-based Section 8 vouchers, and the County will fund supportive services in PSH units with County Measure H revenue.
- Affordable and Supportive Housing Production (Strategy 10A)
 - Through the Affordable Housing Trust Fund Pipeline, HCID financed 208 affordable units and 124 supportive units, and construction was completed on 387 affordable units and 70 supportive units.

- Expansion of Jail In-Reach (Strategy 3D)
 - The Los Angeles Police Department (LAPD) expanded in-reach services at the Downtown Metropolitan Detention Center and Valley Regional Jail to include Mondays from 12 p.m. to 5 p.m. These services continue at all three regional municipal jails from 12 p.m. to 5 p.m. on Fridays. To date, 1,205 homeless arrestees have been offered services and 713 have consented to receiving services. 491 Coordinated Entry System (CES) referrals have been made and 50 CES assessments have been completed.
- Expand Access to Public Restrooms (Strategy 6F)
 - The ReFresh Spot in Skid Row opened on December 4, 2017. This facility provides restrooms, showers, laundry in addition to case management services.
 - On December 12, 2017, in response to the Hepatitis A outbreak declared by the Los Angeles County Department of Public Health, the City Council adopted recommendations to expand public bathroom access for persons experiencing homelessness (C.F. 17-1092). These recommendations included two pilot programs. The Mobile Pit Stop pilot will operate twelve (12) hours per day, seven (7) days per week, at five (5) sites; at each site, an attendant will be present for all 12 hours of operation. The other pilot program will station attendants for 12 hours per day, seven (7) days per week, at three (3) Automated Public Toilets (APTs). The two programs are scheduled to begin operations in March 2018.
- Affordable Housing Linkage Fee (Strategy 7F)
 - The Council adopted the Affordable Housing Linkage Fee ordinance on December 13, 2017 (C.F. 17-0274). The Department of City Planning estimates that when fully implemented, this fee will generate up to \$104 million annually.
- Expand Rapid Re-housing (Strategy 7B)
 - 609 individuals were placed in permanent housing through the rapid re-housing program in Q2, an increase from 500 in Q1.
- Targeted Local Hire (Strategy 9B)
 - 4,036 employment applications have been received through the Targeted Local Hire Program as of December 31, 2017. As a result, twenty-two City departments have hired or made offers to 186 candidates, 23 of whom indicated they have experienced homelessness.

CHS Metrics

The CHS metrics framework was approved in June 2017 (C.F. 15-1138-S25). The framework is comprised of strategy-level and headline metrics. These metrics, in conjunction with data gathered since the implementation of the CHS, will establish baseline data used to inform goal-setting for strategies going forward.

139 strategy-specific metrics were identified across all of the CHS strategies. 77 metrics across 22 strategies were scheduled to report data on or before FY 2017-18 Q2. Departments report that data for 23 of these metrics are not yet available. An additional 3 metrics are not reported this quarter since they are reported on a biannual or annual basis. Therefore, Q2 data is available for 51 metrics across 16 CHS strategies. Attachment 2 provides this strategy-level data. Attachment 3 summarizes strategy-level data by headline metrics.

Data associated with each headline metric is summarized as follows:

- Expansion of supply of affordable and homeless housing:
 - 387 HCID-financed affordable housing units and 70 supportive housing units were completed, up from 316 and 0, respectively in Q2 (Strategy 10A).
 - 1,566 additional applications have been received and a total of 2,349 permits have been issued for Accessory Dwelling Units (ADUs) (Strategy 7K).
- Number placed in permanent housing:
 - A total of 1,097 persons and 2,101 households have been placed in permanent housing through interactions with LAHSA contractors and as a result of HACLA's Homeless Incentive Program (Strategies 4A, 4F, 7B, and 7H). This is roughly the same as these strategies' Q1 outcomes (1,181 persons and 2,021 households, respectively).
 - Of all adults exiting bridge housing, 50% exited to permanent housing, up from 43% in Q1 (Strategy 7O). The balance of adults exiting bridge housing in Q2 exited to temporary destinations (e.g. temporary stays with friends or family, 22%), to unknown destinations (e.g. those whose homelessness was resolved without additional assistance from the homeless crisis response system, 16%), to institutions (e.g. jail, hospital, 7%), or to unsheltered destinations (5%).
 - The length of time from assessment to housing match decreased from 137 to 118 days in Q2 (Strategy 4A).
- Number placed in temporary housing:
 - 251 individuals were discharged to temporary housing through the jail in-reach program (Strategy 3D). This data was not available in Q1.
 - 17 individuals were served through the Pilot Safe Parking Program, similar to 18 individuals reported in Q1 (Strategy 6B).
 - The average length of stay in crisis/bridge housing increased from 32 days in Q1 to 85 days in Q2 for individuals, and from 29 in Q1 to 80 in Q2 days for families. (Strategies 4A and 4F, respectively). The average length of stay in shelter across all programs has increased from 28 to 90 days (Strategy 7O).
 - LAHSA reports that these increases in stays may be due to a combination of improved service provision and participants' willingness to stay engaged, in addition to the fact that additional programs opened in the last two quarters, which would have produced shorter stays in Q1.
- Number who are prevented from becoming homeless or being discharged into homelessness:
 - 524 families received prevention services through CES in order to stabilize and maintain existing housing in Q2, up from 411 in Q1; 44% of families were able to successfully retain their housing. (Strategy 4F). The remaining 56% exited to other destinations, including unknown and/or self-resolving.

- Number who Retain Housing from Date of Placement:
 - 90% of persons retained housing for 12 months through efforts to strengthen CES technology, staffing and standardization, down from 95% in Q1 (Strategy 4A). Though there is not enough data to draw definitive conclusions, LAHSA reports the decrease may be reflect a more strategic targeting of resources towards households with higher vulnerability, which could lead to a decline in housing retention.
 - 98% of households retained housing over the following year through integration and strengthening of family and transition age youth CES, similar to last quarter's 100% (Strategy 4F).
- Number who gain employment or enroll in vocational training/education:
 - 517 households have increased their income through participation in CES (Strategy 4A).
 - 54 adults were placed in competitive employment through social enterprise, more than double the 20 adults reported in Q2 (Strategy 9A).
 - 23 homeless adults were hired by the City of Los Angeles, up from 15 in Q1 (Strategy 9B).
 - 1,318 women were employed through homeless women's employment development, down from 1,455 in Q1 (Strategy 9L).
 - 12% of emergency shelter participants saw an increase in income, a slight increase from 10% in Q1 (Strategy 7O).

New Initiative

Temporary Structures Working Group

In response to the immediate need for shelter facilities while City-financed supportive housing units are being constructed, the Mayor's Office and the the City Administrative Officer (CAO) have convened a working group of City staff, including the City Attorney's Office, the Chief Legislative Analyst, the Los Angeles Homeless Services Authority, Public Works Bureau of Engineering, General Services, Building and Safety, and Fire, to explore options to use temporary structures (e.g., trailers, large tension membrane tents, etc.) to more quickly establish shelter facilities. The team is also preparing recommendations to take advantage of a new state law to establish alternative health and safety standards, which would streamline shelter development, while ensuring safety standards.

CHS Strategy Review

The County of Los Angeles awarded the City \$70,000 to review the CHS to determine whether existing strategies need to be revised, consolidated, or whether new strategies are needed (C.F. 17-1001). The CAO is contracting with a consultant to begin work by the end of February 2018. We will present recommendations resulting from this assessment by August 2018.

4A - Strengthen CES Technology, Staffing & Standardization	<ul style="list-style-type: none"> This strategy has been implemented. Expansion and enhancements to the system continue. An annual day-long kick-off and planning session was held with Coordinated Entry System (CES) agencies for all three populations. This allowed each Service Planning Area (SPA) to begin developing goals for FY 18-19. With the support of national technical assistance LAHSA continues to work with the community input in working to create a set of policies for the Los Angeles Coordinated Entry System. There are two sets of groups that meet monthly. An online training portal was selected and is in the process of being implemented. The portal will allow to track what training staff have participated in for community organizations. The training academy has started training cohorts through GAP funding that was provide until an agency can be selected through a competitive bid. Contracts were awarded that included funding for additional Regional Coordination funding. Additional funding added requires that each SPA have a CES regional director who ensures connections between the populations and a data coordinator to support SPA data needs. 	<ul style="list-style-type: none"> LAHSA will release an RFP for representative payee services. LAHSA will develop and release an RFP for housing location. LAHSA is still engaging stakeholders and the CDC in finalizing design for the Housing Location program. DCFS and Probation are reviewing agreements required to gain access. Although the HMIS vendor charges a fee per user license, Los Angeles Homeless Services Authority (LAHSA) committed to providing access to the system on a smaller scale until more cost analysis can be done. 4E - Supportive Services Standards for Subsidized Housing	<ul style="list-style-type: none"> The working group has identified the Baseline of High Quality Supportive Services in Subsidized Housing for the various populations. These services reflect Pre Housing (Outreach Services) and Post Housing Services (Housing Retention) that is tied to levels of success, goals, and funding sources, if applicable. The shift to Measure H funding for supportive services through County strategy D7 has in effect standardized services since there is now one sole funder for all services. 	<ul style="list-style-type: none"> Provide report to Homeless Strategy Committee (HSC) on results of the shift to Measure H funding for supportive services. 	N	HACLA	Ryan Mulligan		
4F - Integration and Strengthening of Family and TAY CES	<ul style="list-style-type: none"> Los Angeles Homeless Services Authority (LAHSA) continues to work on its alignment of all three populations within the Coordinated Entry System (CES)—Adults, Families, and Youth. LAHSA has reviewed contract requirements for all three systems and aligned them where possible and appropriate. In creating new contracts for the Families population and contract renewals for the Adult and Youth populations, LAHSA developed new Scopes of Required Services (SRS) with core content that is consistent across all three populations. The Families system has recently been funded to staff Regional Coordinators to align with regional coordination structures in the Adult and Youth systems. This allows for the Families system's lead agencies to designate staff specifically for integrating other services in the system and communicating across populations where appropriate. Additional regional coordination capacity has been expanded within the Youth system as well. With funding from Measure H and United Way, each service planning area (SPA) received funding to hire a SPA-level CES Director, who will support all three systems and will work to ensure that housing and services are aligned and integrated across populations to the greatest extent possible. Funding through LA County Measure H has created additional capacity within both the Families and Youth systems, including aforementioned expanded regional coordination as well as additional crisis and bridge housing and rapid re-housing. 	<ul style="list-style-type: none"> LAHSA will finalize awards for Youth Family Reconnection models, and will determine a procurement strategy for youth drop-in center enhancements. The CES Policy Work Group and CES Policy Council will approve policies related to Prioritization and Referral that further align the Adults, Families, and Youth systems. 	N	LAHSA	Paul Duncan
