

MOTION

Barrio Action Family Resources Center is a non-profit organization that services the El Sereno community. The center provides numerous resources to at-risk youth and young adults including the following: parenting classes, computer education, financial literacy, and tax preparation assistance. In addition, the center regularly provides transportation services to children and families.

Section 22.547 of the Los Angeles Administrative Code provides that upon Council approval, surplus City equipment may be sold for less than market value to a non-profit organization located in the City of Los Angeles which has been established exclusively to further the services provided by the City. Barrio Action Family Resources Center furthers humanitarian services provided by the City through its provision of social services. Currently, there are two passenger vans in salvage with the City's Fleet Services that will be sent to auction if they are not donated. If the vans are donated, the total estimated revenue foregone by the City is at least \$8,000.

I THEREFORE MOVE that the City Council:

1. Find that the Barrio Action Family Resources Center is eligible to purchase two passenger vans at below market value (\$1.00), in accordance with LAAC Sec. 22.547 (Donation of Surplus City Equipment), as the recipient is a non-profit organization located in the City of Los Angeles which has been established exclusively to further the services provided by the City.
2. Request the City Attorney to expedite preparation of the appropriate documents to effectuate the sale and transfer of the above identified surplus equipment at below market value to Barrio Action Family Resources Center; and
3. Instruct the City Clerk to inform Barrio Action Family Resources Center. [Tammy Membreno, Barrio Action Youth & Family Center; 4927 Huntington Dr. N #200, Los Angeles, California 90032, (323) 221-0779] that the surplus equipment must be claimed within 60 days from the date of Council approval of the request after which time it will revert to the City's surplus equipment pool for disposal by the Department of General Services.
