

ENERGY, CLIMATE CHANGE AND ENVIRONMENTAL JUSTICE COMMITTEE REPORT  
relative to the testing of lithium levels of the water in the areas around the Aliso Canyon Storage  
Field.

Recommendation for Council action, pursuant to Motion (Englander - Blumenfield):

INSTRUCT the Los Angeles Department of Water and Power to report on:

- a. Any and all testing conducted before, during, and after the Aliso Canyon gas leak.
- b. Lithium levels of the water in the areas around the Aliso Canyon Storage Field and compare it to both the rest of the City and adjacent municipalities and on the standard guidelines of lithium levels.

Fiscal Impact Statement: Neither the City Administrative Officer nor the Chief Legislative Analyst has completed a financial analysis of this report.

Community Impact Statement: None submitted.

Summary:

At a meeting held on November 7, 2017, the Energy, Climate Change and Environmental Justice Committee considered Motion (Englander - Blumenfield) relative to the testing of lithium levels of the water in the areas around the Aliso Canyon Storage Field. During the discussion of this item, representatives from the LADWP provided a verbal overview of the actions taken up to-date on this issue, responded to related questions from the Committee members, and stated that a written report will be submitted shortly.

After providing an opportunity for public comment, the Committee recommended that Council approve the recommendation contained in the Motion, as detailed above. This matter is now submitted to Council for its consideration.

  
Respectfully Submitted,

ENERGY, CLIMATE CHANGE AND ENVIRONMENTAL JUSTICE COMMITTEE
