Summary:

On December 9, 2015, your Committee considered a Resolution (Cedillo - Fuentes) relative to establishing a TPPD along Park Row Drive from Grand View Drive for the duration of the Elysian park Reservoir Water Quality Improvement Project pursuant to LAMC Section 80.58. Specifically, the TPPD would include:

- a. Starting at the bridge near the intersection of Park Row Drive and Grand View Drive to approximately 150 feet northwest on Park Row Drive on the west side, No Parking from 7:00 a.m. to 6:00 p.m. (Except Saturday and Sunday).
- b. Immediately to approximately 100 feet north-west, street parking will be designated as No Parking Except for Residents of Park Row Drive.

- c. Starting at the intersection of Park Row Drive and Grand View Drive to approximately 50 feet northwest on Park Row Drive on the east side, No Parking from 7:00 a.m. to 6:00 p.m. (Except Saturday and Sunday).
- d. Immediately to approximately 50 feet north-west, No Parking Except for Residents of Park Row Drive.

Representatives from the LADOT presented an overview of the proposed TPPD and answered questions from the Committee members. During the discussion, a technical correction was made to the fourth parking restriction to change "50-feet north-west" to "150 feet-northwest."

After consideration and having provided an opportunity for public comment, the Committee moved to recommend approval of the Resolution as amended. This matter is now submitted to Council for its consideration.

Respectfully Submitted,
