On March 23, 2016, your Committee considered a Resolution (Buscaino - Bonin) relative to the establishment of parking restrictions for oversize vehicles on the west side of South Figueroa Street and the SR-91 Freeway. According to the Resolution, CVC Section authorizes cities to restrict the parking of vehicles, including but not limited to vehicles that are six feet or more in height, on identified City streets during certain hours. There is a growing problem with oversized vehicles parking along Exposition Boulevard immediately adjacent to the Metro Expo Line, which are often parked overnight and constrict travel lanes, thereby creating dangerous situations. Finally, CVC Section 22507 requires that with the exception of parking restrictions in alleys, a Resolution that restricts the parking of vehicles, including but not limited to six feet or more in height, during all or certain hours of the day, will only apply in areas in which signs are posted giving notice of restrictions.

After further consideration and having provided an opportunity for public comment, the Committee moved to recommend adoption of the Resolution as detailed in the above recommendations. This matter is now submitted to Council for its consideration.

Respectfully Submitted,

TRANSPORTATION COMMITTEE
