

TO CITY CLERK FOR PLACEMENT ON NEXT
REGULAR COUNCIL AGENDA TO BE POSTED

#55

MOTION

The Hollywood Hills are home to some of the City's most well-known landmarks including the Hollywood Sign and the Griffith Observatory, as well as one of the largest municipal parks in the Nation. These Hills are also home to a number of residential communities, critical wildlife habitat, and some of Los Angeles' most precious natural environments. In the interest of protecting public safety and to better inform traffic and congestion mitigation efforts, it is critical that we have access to, and are working with the most accurate, up-to-date information available on pedestrian and vehicle usage.

Sufficient funds are available in the Council District 4 Real Property Trust Fund which could be used by the Department of Transportation to secure the services of a contractor to conduct the needed study.

I THEREFORE MOVE that \$15,000 in the Council District 4 Real Property Trust Fund No. 686-14 be transferred / appropriated to the Transportation Fund No. 100-94, Account No. 3040 (Contractual Services) to secure the services of a contractor to obtain accurate, up-to-date information on pedestrian and vehicle usage in the Hollywood Hills area of Council District 4.

I FURTHER MOVE that the Department of Transportation be authorized to make any corrections, clarifications or revisions to the above fund transfer instructions, including any new instructions, in order to effectuate the intent of this Motion, and including any corrections and changes to fund or account numbers; said corrections / clarifications / changes may be made orally, electronically or by any other means.

PRESENTED BY:

DAVID RYU
Councilman, 4th District
