Honorable Members:

Pursuant to your request, this Office has prepared and now transmits for your consideration the enclosed draft ordinance, approved as to form and legality. The draft ordinance amends Section 62.105 of the Los Angeles Municipal Code (LAMC) to add a public notice requirement for Class "B" permit applications to construct a street improvement on an unimproved public right-of-way in a Hillside Area, as defined in Section 12.03 of the LAMC.

If adopted, the enclosed draft ordinance will require an applicant for a Class "B" permit for the construction of a street improvement on a unimproved public right-of-way in a Hillside Area to mail a notification of public roadway construction to all owners and occupants of properties within a 500-foot radius of the proposed street improvement. The notification will be required before the Class "B" permit application is filed, and after the permit plans have been approved by the Bureau of Engineering.
