Summary: The Glassell Park Neighborhood Council voted unanimously against this council file.

We, the GPNC, believe this motion to be a pointless exercise. There are already an abundance of second units to draw information from across the entire city. Creating a pilot program to study one unit per council district is a waste of funds and time.

We wholeheartedly agree that regulation should follow information. While we believe the intentions of this motion to be good, we do not believe it will accomplish anything of value or tell us anything that we do not already know.

For these reasons, the Glassell Park Neighborhood Council is unanimously opposed.
