MOTION

There are numerous traffic concerns at various intersections in the Fifth Council District that should be addressed through the implementation of stop signs. These intersections present factors beyond those originally considered by traffic engineers that necessitate the need for all-way stop controls. Action is needed to instruct the Department of Transportation to install all-way stop control at several locations.

I THEREFORE MOVE that the Council request the City Attorney to prepare and present an ordinance, consistent with Los Angeles Municipal Code Section 80.07(b), in order to effectuate the installation of all-way stop signs at the following intersections:

- Pelham Avenue and Tennessee Avenue
- North Laurel Avenue and Waring Avenue
- North Vista Street and Clinton Street
- North Vista Street and Rosewood Avenue
- West 1st Street and South Hayworth Avenue
- Missouri Avenue and Greenfield Avenue
- Parnell Avenue and Tennessee Avenue
- Ballina Canyon Road and Ballina Drive
- North Citrus Avenue and Clinton Street
- South La Jolla Avenue and Orange Street
