Summary: At the Foothill Trails District Neighborhood Council General Board meeting held on June 21, 2018, the Board voted 8 For, 0 Against, 0 No Position, 0 Neutral Position to SUPPORT Council File #16-1468 with the amendment to change the wording shall not preclude ability to keep equines presently and in the future..

The FTDNC supports CF 16-1468. Our communities have not only lost equine capable properties with construction of ADUs on subject properties, but doing so has also threatened the equine capability of existing adjacent properties currently having horses in residence. We support the recommendation of the PLUM committee to change the wording in the Draft Ordinance from "presence of equines" to "ability to keep equines". While a current resident may not own horses, it is important to maintain equine-capability of equine properties for future residents seeking equine-capable lots.
