Dear Committee Members,

I am the owner representative for the above addresses. Our project is seeking approval under the above case numbers.

On October 3, 2017 the Planning and Land Use Management Committee recommended to remand the General Plan Amendment to the City Planning Commission and Mayor for consideration of project modifications.

After consultations with Council District 7, the project consultants and architect have incorporated project modifications in the plans that we believe address community concerns regarding privacy, scale, and design. The project is on the June 28, 2018 City Planning Commission calendar.

The entitlement processing will require more time, therefore, we are requesting an extension of time until September 7, 2018. We agree to waive all applicable time periods under LAMC Section 12.32 within which the City Council must act prior to September 7, 2018.

Thank you for your consideration.

Sincerely,

Randi Bach
