SOUTHERN CALIFORNIA EDISON COMPANY, a California corporation, THE CITY OF LOS ANGELES, a California municipal corporation acting by and through its Department of Water and Power, who acquired title as DEPARTMENT OF WATER AND POWER FOR THE CITY OF LOS ANGELES, a department organized and existing under the Charter of the City of Los Angeles and NEVADA POWER COMPANY, a Nevada corporation d/b/a NV ENERGY, ("Grantor"), for One Dollar (\$1.00) and other good and valuable consideration- receipt of which is hereby acknowledged - and on behalf of itself and its successors and assigns, grants and conveys to NEVADA POWER COMPANY, a Nevada corporation, d/b/a NV ENERGY ("Grantee") and its successors and assigns a perpetual right and easement (the "Easement"):

1. to construct, operate, add to, modify, maintain and remove communication facilities and electric line systems for the distribution of electricity underground, consisting of cables, conduit, duct banks, manholes, vaults, transformers (aboveground or underground), service boxes/meter panels (aboveground or underground), cabinets (aboveground or underground), bollards (aboveground), and other equipment, fixtures, apparatus, and improvements ("Utility Facilities") upon, over, under and through the property legally described and generally depicted in the Land Description and Exhibit Map to Accompany Land Description attached hereto and by this reference made a part of this Grant of Easement ("Easement Area");
2. for the unrestricted passage of vehicles and pedestrians within, on, over and across the Easement Area.
3. for the ingress of vehicles and pedestrians to and the egress of vehicles and pedestrians from, the Easement Area; and

4. to remove, clear, cut or trim any obstruction or material (including trees, other vegetation and structures) from the surface or subsurface of the Easement Area as Grantee may deem necessary or advisable for the safe and proper use and maintenance of the Utility Facilities in the Easement Area. Grantee is not responsible for, any damages caused to any removed, cleared, cut or trimmed obstruction or material when Grantee reasonably exercises its rights under this paragraph.

This Grant of Easement is made subject to existing covenants, conditions, restrictions, reservations, exceptions, encumbrances, rights, easements, leases and licenses, affecting the Easement Area whether of record or not.

With respect to any subsurface facilities, structures or equipment installed by Grantee within the Easement Area following the recordation date of this Grant of Easement, Grantee shall place identification and location markers of a number, location and nature reasonably acceptable to Grantor indicating the type, location and depth of any such subsurface facilities, structures or equipment.

In the event that Grantee should cease to use the Easement, or if Grantee abandons all or any part of the Easement (or the rights granted herein), the owner(s) of the real property encumbered by the Easement shall have the right to petition Grantee for termination of the Easement. Any request for termination ("Termination Request") shall be in writing and shall be delivered to Grantee. Upon Grantee's receipt of a Termination Request, Grantee shall evaluate same in accordance with prudent utility practices and determine whether all (or any portion) of the Easement may be abandoned without compromising or hindering Grantee's existing or future operations. If Grantee determines that all (or a portion) of the Easement may be terminated, Grantee shall so notify the authors/presenters of the Termination Request and shall execute, deliver and record such documentation as shall be reasonably necessary or appropriate to abandon and terminate those portions of the Easement that Grantee no longer requires.

Grantor reserves the right to designate in writing reasonable access points and roads for Grantee, and Grantee shall be restricted to use of such access points and roads designated by Grantor. In the event that Grantor restricts Grantee's ingress/egress activities to designated access points and roads, said access points and roads shall be of sufficient design and composition to accommodate Grantee's access to and use of the Easement Area (e.g., the roads shall accommodate any of Grantee's service vehicles and equipment Grantee deems necessary for its operations). Grantee shall promptly repair, at its sole cost and expense, any and all damage to the access points and roads caused by Grantee, its contractors, agents and invitees. Notwithstanding any provision herein to the contrary, Grantee shall construct no additional roads or drives on Grantor's property without Grantor's prior written authorization.

Grantee will endeavor not to permit any mechanics' or other statutory liens to be created or filed against the property of the Grantor by reason of any labor performed or materials furnished to Grantee or Grantee's agents, licensees, sublicensees, or employees. If any such mechanics' or other statutory liens shall be filed, Grantee shall, at its sole cost and expense, cause such lien(s) to be satisfied and discharged of record, by bonding or otherwise, promptly upon Grantee's receipt of notice regarding the filing of such lien(s), but not later than thirty (30) days following Grantee's

receipt of written demand from Grantor commanding removal of the lien(s). If Grantee fails to timely satisfy Grantor's demand, Grantor shall have the right to satisfy and discharge any such lien by payment, bonding, or otherwise, and all costs and expenses incurred by Grantor in connection therewith shall be paid by Grantee to Grantor, as applicable, upon demand. Grantor shall have the right (but not the obligation) to file with the county recorder and/or post and maintain on the Easement Area and any other portion of Grantor's property such notices of non-responsibility provided for under applicable laws.

All activities conducted on the Easement Area by Grantee shall be conducted in compliance with all laws, ordinances, rules, and regulations including, without limitation, environmental, land use, and public utility laws, rules and regulations.

Grantor covenants for the benefit of Grantee, its successors and assigns, that no permanent building, structure or other real property improvements will be constructed or placed on or within the Easement Area without the prior written consent of Grantee (which Grantee will not unreasonably withhold, condition or delay), such structures and improvements to include, but not be limited to, drainage, trees, bridges, signage, roads, fencing, storage facilities, parking canopies, and other covered facilities. Grantee and Grantor must document Grantee's consent by both signing Grantee's standard, recordable use agreement. Grantor retains, for its benefit, the right to maintain, use and otherwise landscape the Easement Area for its own purposes; provided, however, that all such purposes and uses do not interfere with Grantee's rights herein and are in all respects consistent with the Grantee's rights herein, Grantee's electrical practices, and the National Electrical Safety Code.

This Grant of Easement may be executed in two (2) or more counterparts. A set of counterparts containing the signatures of each Grantor party will have the same effect as a single instrument containing the signatures of all of the Grantor parties.
