Type of NC Board Action: Against

#### Impact Information

Date: 06/15/2021

Update to a Previous Input: No

Directed To: City Council and Committees

Council File Number: 17-0309-S1

Agenda Date:

Item Number:

Summary: The Greater Valley Glen Council opposes the proposed changes in the Los Angeles Municipal Code that among other provisions seen as benefitting developers would reduce the total number of electric vehicle charging stations in new multifamily and commercial buildings. As cited in the Council File 17-0309-S1 as an example, one 150kW charger could replace 15 Level 2 chargers. The availability of fewer charging stations is a disincentive for someone considering purchasing an EV and works against the City and State goal to reduce carbon emissions.
