SUMMARY

At the meeting held on February 28, 2018, your Arts, Entertainment, Parks and River Committee considered a Los Angeles Housing and Community Investment Department report on behalf of the City HRC and the TAC relative to City processes and policy concerns that directly impact the transgender community. The report dated February 22, 2018, attached to the Council file, includes the assessment of City policies used to manage and respond to alleged discriminatory practices related to housing vouchers, homeless shelter practices for transgender individuals

within the Los Angeles County Continuum of Care, transgender sensitivity training for City staff, funding opportunities that may be available for services targeting the transgender community, and process for monitoring legislation that impacts the transgender community. After an opportunity for public comment was held, the Committee moved to approve the recommendations presented in the Los Angeles Housing and Community Investment Department report as modified, as detailed above.
