Summary: The Empowerment Congress North Area Neighborhood Development Council voted unanimously to join with many other neighborhood councils in support of 17-0447 On April 20, 2021, the Planning and Land Use Management (PLUM) Committee considered the Board of Public Works (BPW) report dated July 29, 2019, and the recommendations approved by the Energy, Climate Change, and Environmental Justice (ECCEJ) Committee on December 20, 2020, attached to Council file No. 17-0447, relative to the feasibility of amending current City Land Use Codes in connection with health impacts at oil and gas wells and drill sites. We support the actions of PLUM and the need for addressing the environmental effect of oil drilling in our vulnerable communities. The extensive record of the effects of drilling and the lack of oversight of numerous drilling actions requires that the City take action. NANDC voted unanimously to support the actions of "CF 17-0447 Land Use Codes/ Oil and Gas Develment/ Impact on Resident Health and Safety/ Code Change Proposals" at its July 1, 2021 Board meeting as recommended by its Policy Committee.
