If the applicant is required to have an environmental determination performed by the Bureau of Engineering Environmental Management Group, the applicant must submit an additional \$32,100 fee deposit. This will also increase the processing time by approximately 6 months.

If the vacation is located within a Coastal Development Zone, a Coastal Development Permit will be required for the project. The applicant should be aware that vacations within a Coastal Development Zone will take longer to process and will be considerably more expensive. If the applicant is required to have a Coastal Development Permit processed by the Bureau of Engineering Environmental Management Group, the applicant must submit an additional \$32,100 fee deposit.

Some city agencies, including LADOT, may require additional fees to be deposited to cover costs during the referral and investigation process.
