As recommended in the accompanying report of the City Engineer, which this Board has adopted, the Board of Public Works recommends that the City Council:

1. Authorize the City Engineer to increase budget authority of the Task for Solicitation No. 200 to SPF:a, Contract No. C-114047, from the PQOC Architectural Consultants List to provide Architectural and Engineering Design, and Design Services during construction for the Taylor Yard Bikeway/Pedestrian Bridge over the Los Angeles River Project, increasing budget authority from \$950,000 to \$1,110,000, including contingency.
2. Authorize a loan from the Public Works Trust Fund (PWTF) No. 834 in the amount of \$500,000, payable to the Engineering Special Services Fund No. 682, Department No. 50, Appropriation Unit No. to-be-determined (TBD) - appropriation account entitled "Taylor Yard Bridge Project", to front fund the above additional design services of the project.
3. Authorize the Director of the Office of Accounting, Board of Public Works (Board) to release the PWTF Loan proceeds when this report is approved and upon providing a copy of the proof of grant award/Memorandum of Understanding (MOU) by Los Angeles County Metropolitan Transportation Authority (Metro) and upon written request by the City Engineer or his designee.
4. Authorize the Director of the Office of Accounting, Board to assess and collect monthly interest earned on the outstanding loan balance at the rate that the Office of Finance is using to allocate interest to various investment pools. Any unpaid interest earned at the end of the year will be added to the principal amount of the loan.

5. Authorize the reimbursement of funds from the Engineering Special Services Fund No. 682, Department No. 50, to the PWTF No. 834, upon receipt of the grant proceeds from Metro, which shall be paid no later than 24 months after City Council approval.

Sincerely,

DR. FERNANDO CAMPOS,
