

PUBLIC SAFETY and BUDGET AND FINANCE COMMITTEES' REPORT relative to the Los Angeles Police Department (LAPD) Basic Car Area Boundary Study.

Recommendations for Council action:

1. AUTHORIZE the City Administrative Officer (CAO) to release a Request for Proposals (RFP) relative to review of the LAPD's 168 Basic Car Area boundaries and the deployment of resources therein.
2. INSTRUCT the CAO to report back to the Council with the selected consultant's findings and recommendations by December 2018 to provide sufficient time for discussion of the findings prior to consideration of the 2019-20 proposed budget.
3. INSTRUCT the CAO to analyze and take into consideration when releasing the RFP, the average time each Basic Car is out of their Basic Car Area and recognition of segmenting transportation, or exploring other options, due to area station and jail closures.

Fiscal Impact Statement: The CAO reports that approval of the recommendations in this report will allow the CAO to issue a RFP for a consultant to perform a Basic Car Area Boundary Study. The Council added \$224,000 in the 2017-18 Adopted Budget for the cost of a consultant to perform the study. This funding was transferred from the LAPD to the CAO's Contractual Services account by Motion (Council file No. 17-0860). The recommendations conform to the City's Financial Policies in that one-time budgeted funds will be used for a one-time expense.

Community Impact Statement: Yes.
