

PUBLIC WORKS AND GANG REDUCTION COMMITTEE REPORT relative to monitoring the condition of the City's streets and sidewalks.

Recommendation for Council action, pursuant to Motion (Krekorian - Ryu - Martinez for O'Farrell - Blumenfield):

INSTRUCT the Bureau of Street Services (BSS) to report on:

- a. A set of policies and procedures to more efficiently monitor known conditions in the City's streets and sidewalks that could be potentially dangerous, identify the appropriate mitigations to improve threats to public safety resulting from them, and track the progress at implementing those mitigations.
- b. Criteria for assessing the severity of conditions that could be potentially dangerous, including a threshold for when the BSS will, either at its own discretion or upon a report to Council, redirect staff and construction resources away from work that is less critical for public safety, or consider adding the services of contractors to meet the demand for repairs.
- c. Appropriate budgetary performance metrics for assessing the BSS's performance at resolving threats to the safety of the public in its use of the City's streets and sidewalks, and a strategy to begin measuring that performance beginning in the 2018-2019 Fiscal Year.

Fiscal Impact Statement: Neither the City Administrative Officer nor the Chief Legislative Analyst has completed a financial analysis of this report.

Community Impact Statement: None submitted.
