

ECONOMIC DEVELOPMENT

MOTION

Earlier this year, the City Council voted to amend the Los Angeles Municipal Code (LAMC) Section 42.00(b) to limit enforcement of violations for sidewalk vending to issuance of citations under the Administrative Citation Enforcement Program (ACE) and amended LAMC Section 11.00 to remove the potential to use a criminal remedy against a person who fails to pay an administrative citation.

However, our City's enforcement agencies continue to cite sidewalk vendors under Section 80.73, which regulates "peddling" from vehicles or push carts. This enforcement is separate and distinct from enforcement under ACE. Section 80.73 must be amended to be consistent with the City Council's legislative intent in relying upon the City's ACE program to decriminalize certain violations of the LAMC related to sidewalk vending.

I THEREFORE MOVE that the Chief Legislative Analyst be instructed to report back within 30 days, with the assistance of the City Attorney, with a review and analysis of Section 80.73 of the LAMC and provide recommendations to the City Council on the necessary steps to decriminalize sidewalk vending from this section consistent with the City Council's legislative intent.
