Council File No. 17-1143

Honorable Members:

Pursuant to your request, this Office has prepared and now transmits for your consideration the enclosed draft ordinance, approved as to form and legality. As explained below, the draft ordinance repeals a number of City ordinances that removed streets from public use.

Multiple City ordinances, some dating back to the 1930's, were adopted to withdraw City streets from public use. The Bureau of Engineering and Bureau of Street Services have identified prior City ordinances that removed City streets from public use and jointly recommend to the City Council that these ordinances be repealed. Once repealed, it is the City's goal to provide public access to those streets previously withdrawn. The Bureau of Engineering and Bureau of Street Services will separately work on plans to provide restoration and maintenance for the streets reinstated for public use.

Rule 38 Referral

A copy of the draft ordinance was sent, pursuant to Council Rule 38, to the Department of Public Works - Bureau of Street Services and Bureau of Engineering with a request that all comments, if any, be presented directly to the City Council when this matter is considered.

If you have any questions regarding this matter, please contact Assistant City Attorney Edward Jordan at (213) 978-8130. He or another member of this Office will be present when you consider this matter to answer questions you may have.

Sincerely,

MICHAEL N. FEUER, City Attorney
