Item Number:

Summary: The Los Feliz Neighborhood Council agrees that the Los Angeles City Council should support SB 1335, which will require all food service packaging provided at state parks, beaches, and facilities to be reusable, recyclable, or compostable by 2021. When we know that traditional plastics breakdown into micro plastics that are polluting our oceans, sea life, food chain and water and we have the materials available to easily prevent further contamination, we should act quickly and responsibly. By starting with our own state facilities we can set a good example for the rest of the food service industry.

## COMMUNITY IMPACT STATEMENT

Council File No: 18-0002-S104 - SB 1335 (Allen) / Sustainable Food Service Packaging

-FOR-

The Los Feliz Neighborhood Council agrees that the Los Angeles City Council should support SB 1335, which will require all food service packaging provided at state parks, beaches, and facilities to be reusable, recyclable, or compostable by 2021.

When we know that traditional plastics breakdown into micro plastics that are polluting our oceans, sea life, food chain and water and we have the materials available to easily prevent further contamination, we should act quickly and responsibly.

By starting with our own state facilities we can set a good example for the rest of the food service industry.
