Update to a Previous Input: No

Directed To: City Council and Committees

Council File Number: 18-0131

Agenda Date:

Item Number:

Summary: The Northwest SP Neighborhood Council approves the motion to transition landscaping equipment for all LA City's Recreation and Parks areas to Zero Emission technology rather than environmentally harmful petroleum powered equipment. We also recommend: 1) A deadline extension to 60-90 days for Rec & Parks to come up with a plan, including creation of an inventory of the gas & diesel powered equipment, which would inform the strategy for transitioning to the Zero Emission alternative. 2) NWSPNC urges the City Council to support a pilot project, leading to wider expansion of the program.
