Re: Case # CPC-2017-1014-CU-ZAA-SPR

Dear Councilmember Huizar:

I am writing to provide an update to the previously granted extension for the above referenced case. We continue to work closely with the appellant regarding our project. While we have not resolved all issues we are optimistic that we will be able to do so amicably in the near future. However, in order to do so we respectfully request that the current last day for Council action, October 16, 2018, be extended **60 days** pursuant to LAMC Section 11.5.12.

Additionally we request that the project be removed from the Planning and Land Use Management (PLUM) Committee hearing currently scheduled for September 25, 2018 and be postponed accordingly.

Thank you for your consideration on this item.

Very truly yours,

Scott Mulkey
Vice President - Regional Development Manager
