

MOTION

The public stairway between 1213 Silver Lake Boulevard and 1300 Westerly Terrace has become a public nuisance in the Silver Lake area of Council District 13. The Los Angeles Police Department (LAPD) has received numerous reports of loitering, drinking in public, and narcotics use in several public stairways in the area.

Pursuant to the State Vehicle Code, the City can authorize the temporary closure of public streets, alleys, and walkways to mitigate criminal activity. LAPD supports the closure of this stairway as a pragmatic solution to an ongoing neighborhood problem.

I THEREFORE MOVE that the City Council instruct the Bureau of Engineering to review the feasibility of the temporary closure of the public stairway between 1213 Silver Lake Boulevard and 1300 Westerly Terrace for public safety reasons.
